{ Court of General Sessions, Part I.
{ Before Recorder Smyth.

Monday, January 6, 1890.

Indictment for carrying concealed weapons.

John Foley sworn and examined, testified:

I am a member of the 10th precinct police and on the 20th of November 1889, I saw the defendant at the bar and arrested him about five minutes after twelve in the morning, night time, in Elizabeth Street in this city. I was going down Elizabeth Street about twelve o'clock and there was a wrangle in the street, there was a shot fired and after the shot was fired they separated, this Defendant here and two others went towards Houston Street. By that time my relief came up and we stopped the three of them and searched them, we found a revolver and a dirk knife on the Defendant and the other man had a razor in his pocket. My post that night was on Elizabeth Street from Spring to Bleecker, I went on post at six o'clock in the evening. The first I heard of this shot was about ten minutes to twelve on the night of the 19th, I was about twenty feet away when the shot was fired, the shot was fired behind my back, I was on my post watching the two crowds; one crowd was on the middle of the street in Elizabeth Street between Houston and Prince and the other was coming out of a grocery store; there must have been about twelve or fifteen in that crowd and this Defendant was one of them, he came up on the opposite side of the street and crossed over; the crowd I saw come out of the grocery store went down the street towards Prince Street. I had seen this Defendant before I saw that crowd coming

out of the place, he went across the street from the store, he was amongst the first crowd that came out.

When this first party came out they were wrangling amongst themselves, I could not see what it was they were doing, the second crowd came out five minutes after, there must have been about seven or eight of them and they crossed over in a direction opposite from which the other party went. They had something in their hand, I was watching what they were going to do. I thought from their actions they had some trouble and when they saw me coming they separated, I must have been about five feet away from the first party when I saw them make these motions, I noticed the Defendant amongst the party but I did not see him do anything at that time; while I was watching the first party the other party came out and the shot was fired, I could not tell from which direction, I was between the two parties, it could not have been fired by the first party. When I heard the shot I waited till my relief came up and we searched this man and two others, it was about five minutes I waited, I never lost sight of the Defendant. The knife I found on him is supposed to be a dirk knife, it was in his hip pocket closed and the revolver was in his overcoat pocket and it was loaded, full loaded. I arrested him and took him to the Station House. I had no conversation with him then but the next morning going to Court he said that he was a builder and he carried lots of money and that was why he had the revolver and the dirk knife he used in building derricks, cutting ropes and the like. I unloaded the revolver and found five shells in it; the other party had a razor in his pocket.

Cross Examined.

The Defendant was amongst the first party that had trouble, I could not tell the nature of the trouble, they seemed to be wrangling among themselves, they were talking loudly and disorderly in Italian, the Defendant was perfectly sober, he came out of a grocery store with some other people and crossed over to the other side of the way from where I was, the shot was fired by the other party; his pistol was fully loaded; they came out of a store where Italian wines and groceries were sold.

Stephen Colletti sworn and examined in his own behalf:

I am a stone mason and a contractor and employ sometimes four and five men, I had this dirk knife in my pocket when I was arrested, I used this knife in my business, I cut rope and everything like that with it on the derrick and use it in fixing a stick in which to tie the line, I have never been in a fight in my life.

Cross Examined.

I was arrested once

I was with several friends of mine in Elizabeth Street and we were talking about business and whilst I was talking with these people two policemen came and one grabbed me and commenced to search me and he found with me this knife and revolver. (The Defendant explained by saying that that arrest was on this charge.) I was arrested about two years ago in a partnership matter, I was president of an association and the secretary had me arrested by the sheriff on account of some deficiency. I was arrested another time immediately after I arrived here

from Italy, I could not speak a word of English and I was arrested by mistake for another man and when my identity was proven I was let go. They told me they took me because two Italians were around as confidence men, that they were changing money and giving packages of lead, etc. I was taken for one of them and was let go, I never was arrested in Italy; the scar on my forehead was caused when I was ten years old by falling from a bridge. I had this knife about a month and a half, I bought it sometime in October, I had a smaller knife and when I was cutting the stick the blade broke and I could not use it any more I never carried any other dirk knife than this, I have been a contractor four years and have been in this country about seven years, I worked here as a mason and I also worked in Italy at the same trade, I never carried a knife in Italy only one to cut bread, I never carried a pistol in Italy. When I put this pistol into my pocket on this night in question I had one hundred dollars on my person, I put the pistol in my pocket before five o'clock and I was arrested about twelve o'clock at night. I had about ten dollars in my pocket then for I had paid my men with the other money in my house at 193 Elizabeth Street, I got through paying my men the ninety dollars about half past seven or eight o'clock, I went uptown to one of my customers named Charlie Frank who lives at I think 239 86th Street east, it took me about half an hour to go there and half an hour to come back, I went to see a barber friend of mine then in 89th St. and Third Avenue and when I left there I came down by the elevated road to Houston Street, I then met in Elizabeth Street three
