Dear Sir:—

Your attention is called to the following resolution adopted by the Board of Aldermen, at its meeting held on February 15th, 1910:

Whereas, The Charter provides in section 188, subdivision 8, that issues of special revenue bonds for supplementing the annual Budget shall be limited to \$2,000,000 per annum; and

Whereas, The departmental requests for issues under this provision of the Charter each year greatly exceed this sum; and

Whereas, Such requests ordinarily fail to present sufficient information upon which to base an intelligent judgment as to the necessity for the granting thereof; and

Whereas, The avowed intent of the Charter for such issues is to meet only unforeseen expenses and emergent purposes; therefore be it

Resolved, That the heads of the various departments, offices, bureaus and divisions of the City and County governments be requested to present to this Board a full and comprehensive statement indicating the necessity, reasons and all essential data for each request for special revenue bonds, to be prepared in a manner similar to that required by the Board of Estimate in submitting the annual Departmental Estimates.

You are requested to acknowledge receipt.

Dear Mr. Mayor:

Replying to yours of yesterday in which you call attention to the fact that a Mr. Bardwell of Springfield, Mass., had complained at not receiving a reply to a letter sent by him to this office for information regarding the birth of a friend, I beg to state that there has been a little delay in answering some of the letters of this kind for the reason that the Stenographer attached to this office was obliged to undergo an operation at St. Mary's Hospital, Jamaica, and was absent from the office for a few weeks.

I regret very much that Mr. Bardwell has seen fit to complain, but as the Stenographer is now back, I beg to assure you that the unanswered letters will receive positive attention to-day.

Respectfully,

City Clerk,

Dear Sir:-

Will you kindly advise me as to whether or not I can get from you the details of Mayor Gaynor's plan for regulating automobiles owned by the city of New York? I note from the newspapers here that your city looking to the checking up of automobiles owned by the city and used by employees of the different departments. I also understand that this plan contemplates the ownership of its own automobile garages and the repair of the machines by the city's mechanics.

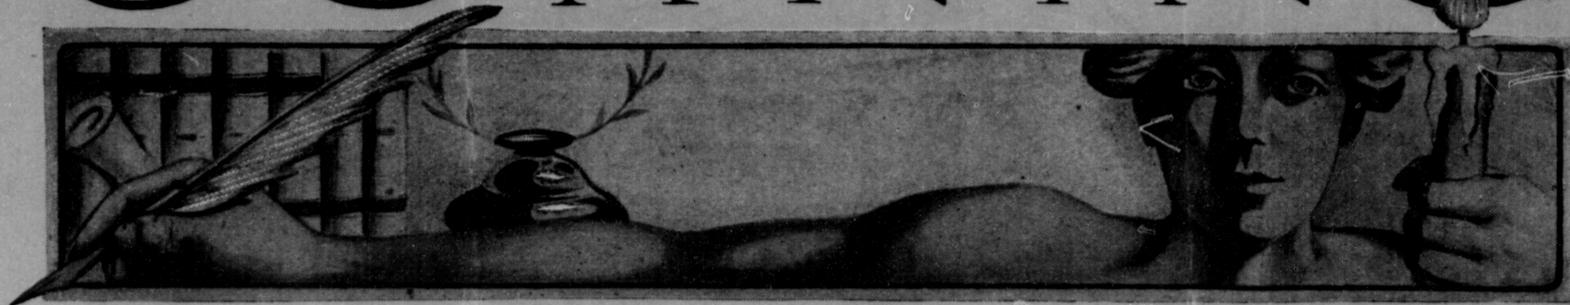

I am an Alderman in this city and have had in mind an ordinance seeking to regulate our city automobiles in much the same way that your city, ~~as your city~~ seems to be regulating them.

Very truly yours,
