Dear Sir:

Appearances are against me.
but I do "blame some matters
- enough at least to accept
a proffered honor. with grate-
-ful thanks. When I received
your letter appointing me
one of New York's represent-
-atives at the Tennessee Cen-
-tennial I did not have grief
- but grief had me. so hard

and fast. there was not
room in my consciousness
for a preception of anything
else. Still I could not
quite forget what was ex-
pected of office-holders
"a few die, and none resign"
you know. If I took office
in cold blood as it were.
I might feel my liberty
of dying mightily abridged—
a thing most tolerable and not
to be endured, with grief to
the fore.

Now, in reasonable health,
let me say that I accept the

appointment gladly, and give you the sin-
-cerest and heartiest thanks. In course of your
official career, you have doubtless bestowed
honors more worthily, and that many thou-
-sand times, but you have never bestowed
them where they were more gratefully re-
-ceived than by

Yours Very Sincerely

NASHVILLE, TENNESSEE. June 17th 1897.

My Dear Sir:-

We are anxious to have as many attend our Centennial Exposition as possible. We claim to have the finest Exposition ever held in this country, save the Worlds' Fair, which exceeded ours only in its magnitude. Our beautiful buildings, Parthenon, Commerce, Educational, Rialto, and all others are works of art and genius. Our exhibits and displays have never been excelled, not only most interesting, but most instructive. The educational feature has been a matter of the greatest study to our professional men for many months past. The works of art in the Parthenon are incomparable. With all these attractions we feel sure that all parties visiting our Centennial will be amply repaid.

As to transportation, you will find from your different Railroad agents that the rates have been very greatly reduced.

We are desirous of securing the attendance of colleges, schools, commercial bodies and all others, and I write this letter asking if you can not take the matter up in your city, or have some one do so familiar with such transactions and bring about excursions to the Centennial. If I can aid you in anyway in the matter, you have only to command me.

I enclose some Centennial literature which I trust you will find interesting. Upon application, as many such pamphlets as you may desire, will be cheerfully forwarded you.

Asking to hear from you at your early convenience, remain,

Very truly yours,

A handwritten signature in cursive script, appearing to read 'A. W. Wills'.

Answer

80 BROADWAY,
NEW YORK.

Sept. 9. 1897.

Dear Sir:

Referring to our previous conversation, I note that you have again been invited to visit Nashville during the Centennial Exposition there, and that suggestions have been made that such visit should take place during the month of October.

I beg now to repeat the invitation previously issued to you - to have you and such officers of the City, and such friends as you may desire, use the Southern Railway in

making such visit.

I shall be pleased to place one or more cars at your disposal at Jersey City for the journey, and to run the train "special" from Washington, leaving there at such hour as may suit your convenience.

I have no doubt that I can also arrange, if you prefer it, to have the train run special from Jersey City to Washington over the Pennsylvania Railroad, at such hour as may suit you.

If you determine to go, such a schedule can be arranged, I think, that you will be only one night on the road, and that you will have daylight through

the attractive country of western North Carolina
and eastern Tennessee.

Hoping it may suit your convenience to
make the trip.

I am, your very sincerely

Hon. Wm. L. Strong, Mayor,

Dear Sir:-

The Brooklyn Commission to the Nashville Exposition have secured two trains of Pullman cars to accommodate the people going to the Nashville Exposition. One train is to be filled with Brooklyn people. The other train will probably be occupied by the New York State Commissioners to the Tennessee Fair, and should your Honor and a few friends desire accommodations in this train we should be very glad to reserve room for you. It would be necessary, however, that we know as soon as possible how much space you would require. These trains are made up of Pullman compartment and drawing room cars. The party will leave on Oct. 8th going by the Pennsylvania Railroad to Hagarstown, thence to Luray Caverns, Natural Bridge and to Nashville by way of Chattanooga.

Returning, the party will stop at Mammoth Cave. The trip will take just seven days and the cost of the ticket is \$83. and upward.

All arrangements have been made for a very interesting and delightful trip and if you have not already made arrangements to go to Nashville, we should be exceedingly glad to have you go in the train which we have reserved for the New York State Commiss-

Hon. William L. Strong,

Mayor, &c.,

My Dear Col. Strong:

I have received a letter from Mr. Marcus Benjamin, who is now directly connected with Smithsonian Institute in Washington, saying that he is quite desirous of being appointed one of the delegation of citizens from New York City to be present in Nashville on New York Day. Mr. Benjamin is really a resident of New York, although he has been in Washington for some time, in connection with his professional business. He is a man of entire ability, and reputation, and would unquestionably do credit to our city if he were put on that delegation. He has done a very great deal of literary work, notably with the Appletons, here in New York, and he was also a judge at the World's Fair at Chicago, having been appointed such judge at the request of the authorities of the Smithsonian. If you can appoint him upon the delegation that ^{is} are to attend, it would very greatly gratify him, and, for that matter, would please me, also.

Yours faithfully,

Dear Sir;

I expect to spend the greater part of the month of October at the Exposition in Nashville, and you doubtless have noticed by the daily papers that Mayor Strong will appoint a delegation of citizens of New York to be presented there on New York day. Will you not kindly use your influence in my behalf by presenting my name to Mayor Strong and urging him to name me as one of the representatives of New York on this occasion.

In making this request of you it has occurred to me that you might mention the work that I did for you on the "Memorial History of New York

Dear Sir;

It gives me great pleasure to acknowledge the receipt of your favor of Sept. 22nd, advising me that I have been appointed by you as one of a Committee to represent New York City at the Exposition in Nashville.

I thank you most sincerely for the honor that you have conferred on me and I shall be proud to represent a City which for more than a quarter of a Century was my actual home and is still my legal residence.

It is perhaps pertinent to add that I shall be in Nashville on the dates specially set aside in recognition

of our great State and City, and I
trust that whatever duties may fall
to my lot to perform, may be worthily
executed.

Very respectfully yours,

Marcus Benjamin.

17 West Fifty Seventh Street

My dear Krays Strong.

I find I am on a committee appointed by the Patrons of the Tennessee Centennial to importune you to have the City of New York make an appropriation for the purpose of having the City of New York properly represented at this Celebration, The State has appropriated \$12000 + other States from \$2000 to \$25000. You have already

been called upon to appoint a number of influential Ladies in the City to take up the work, in a systematic manner, of preparing the exhibits of this City. It will at once occur to you, that if this great City is to have a creditable display of its wealth, worth, art or history - quite a large sum of money must be obtained from some source. It is not probable that sufficient interest can be enlisted to obtain the money needed, by private subscription. I know of no reason why your Honor should use the money of

the City for this purpose but it has been suggested that you might have control of some unappropriated sums which you could use in this way for the honor of the City. Mr. Theodore Roosevelt has consented to address a meeting at Sherry's. Mrs. Pope of Tennessee with Mr. Roosevelt may call upon you to advocate this measure in a stronger & more convincing manner than I command. I have discharged my duty in presenting the matter and if after reading this you care to hear any thing further on the subject

& will send me word when I
may see you at your home
I will cheerfully call and
demonstrate to you how
little I know about the
Tennessee Centennial.

Very sincerely yours
