Assault (disorderly.)

As complainant in the above case, I beg to recommend the defendant to such leniency and clemency as the Court and District Attorney may see fit to show; but I expressly assert that my reasons for so doing are not controlled by any advantage to myself.

I believe that I was as much to blame for the assault as the defendant, who is a much older man than I, & that my hastiness provoked him to some degree. The defendant was driving a coal cart, which was in the way of the car I was driving, & he was knocked down by my car, not intentionally, but perhaps I believe by what was to some extent impatience on my part, & under those circumstances he made the assault in a moment of anger.

I accordingly request permission & withdraw my complaint.
