on the Culture Committee of CAAU. was until 3 months ago.

I was at the meeting 2/2/65 - when Malcolm was shot.
I came there alone at about shortly after, CAAU.

I was a member of Malcolm group till about 3 months ago.
seated in a booth near the front. in about booth #10. I was seated in booth
with. attended previous meeting, + another after Christmas. about 4
meetings altogether since Maly returned from Europe. I was seated with
Beatrice + Eligibility ^(he secretary) in the booth. I am not a member of Mosque 7
nor ever was. ^{the first time a chair was set up in the left then} They would to me. I sat with them Beatrice + Eligibility
Benjamin came out + opened the meeting. Betty came in late she sat
with her children in one of the 2 booths in the front facing corner. Sheikh
Hassam was holding one of the babies seated with her. a white man + woman
seated near the front. Sharon spoke a few minutes for a few minutes.

Sharon has some connection with CAAU. I think there were a few people
standing in front of the stage. I know John Davis. He was in the back.

There was a stage while Benj was speaking. Malcolm came out + sat
on a chair behind Benj. Benj finished + introduced Malcolm + walked off.
Malcolm was alone on stage. Guards had been standing in front of the stage.

I don't know if they moved. I have seen these people who were guards before. But I
don't know their names. Mae Mallory was there, she was seated in chair on stage
near booth 14 or 16. I know Betty Little about a year, one of the people in the CAAU.
I was closer to Malcolm than Betty. When I was active on the Culture of Cultural Committee.

Benj. walked off. Molech got up to speak "Salon Alrich."
I heard somebody say "Get out of my pocket" seemed to come from
midway of the seats. I saw a guy stand up. Molech stood "Hold it
Hold it". I saw a man get up, I thought it was a fight, I can't
remember what he looked like. People started standing up. I saw
people were starting to sit when I heard what Molech like fire crackers
I dropped down. I heard like shooting was in all directions.
I didn't see Molech fall. After people were running out I saw
women running to the stage & I saw Molech lying on the stage. I
don't see any gun, I don't know where Molech's goods are then.
On the stage I tried to ask him Betty x. with Elizabeth, Sarah came back
