MAYOR'S OFFICE

To His Honor,
William J. Gaynor,
Mayor, City of New York.

Sir:

I hereby most respectfully tender my resignation as Deputy Commissioner of the Mayor's Bureau of Weights and Measures of the City of New York, to take effect September 30, 1911.

I have been connected with this Bureau since its establishment in 1904, and it affords me the greatest pleasure to be in a position to honestly state that greater progress has been made under Your Honor's administration than in any previous period in the department's history. It is due to the active co-operation of Your Honor in the department's welfare, and through the untiring zeal and the able and conscientious efforts of the present Commissioner of the Bureau, Mr. Walsh, that greater efficiency obtains than in any other department of weights and measures throughout the country.

I have been in communication with the departments in many of the largest cities of this country, as well as some of the smaller cities, and I am proud to know that the New York Bureau of Weights and Measures to-day has no peer in the entire country. The greatest credit and praise are due to Your Honor and to Commissioner Walsh for this splendid condition.

My reason for wishing to retire at this time is to engage in a business career.

Thanking you for your every courteous treatment of me, I beg to remain,

Most respectfully yours,

Francis M McCoy

Board of Education

Park Avenue and Fifty-ninth Street

New York Dec. 28, 1911.

My dear Mayor Gaynor:-

It is with great regret that I hereby tender my resignation as a member of the Board of Education, of the City of New York, which office I have held for the past three years.

I trust, however, that I shall be able to fulfill my duties as a member of the Assembly, especially in Educational matters, with a more thorough understanding of the needs of our great City, through the knowledge which I have gained as a member of the Board of Education.

I am strongly of the opinion that the Educational system of the City needs reconstruction, especially in the classes above the Fifth Grade. Girls and boys should be fitted for the work which they will be expected to do after they leave school. Under the present system the training fits them to take college entrance examinations, while less than five per cent of the pupils in our schools go to college.

Faithfully yours,

Ralph McKee

HON. WILLIAM J. GAYNOR,

S i r :

I beg to tender my resignation as Commissioner of Accounts, to take effect September 1st, 1912. A business opportunity has developed in the West which I am not able to neglect, and I cannot satisfactorily fill both positions.

It is hardly necessary for me to say that I am giving up my present work with a great deal of reluctance, particularly in view of the fact that I will not have time to bring to a successful conclusion certain constructive plans, already inaugurated, which it will take the balance of your administration to complete. I refer especially to our newly-established Bureau of Efficiency. I have several reports in process of preparation, however, dealing with various investigations, which I hope to be able to file with your Honor before the end of August.

May I take this opportunity to express my appreciation of the courtesy and support which you have extended to this office in connection

with our work.

With best wishes for the success of your administration, I am,
