Edward Arras.

E v a G e i s. (Complainant)

382 Third Avenue,
~~203 East 33rd Street~~

On the 23rd of August 1876, when I was 14 years and 7 months old, my father took me to Mr and Mrs. Sperbs 506 Sixth Ave, and hired me to them for \$9. a month. About two months afterwards Edward Arras, brother to Mrs. Sperbs, came to work for Mr Sperbs (who is a butcher at the above mentioned place) and to board with him--had a room there; but sometimes slept at his own home 203 West 38th St. He asked, and I granted him permission to keep company with me; and occasionally we went out together. When Christmas came he gave me a dress, trimmed with silk, and said that later he would give me nicer presents. In January, 1877, he promised to marry me but did not fix the day--he said he would tell me later. In March he came up to my room between 5 & 6 p. m., his sister being out and only the two girls down stairs ironing, and persuaded me to have connection with him then and there. I was at the time in my own room with Mrs. Sperb's two children, one going on four years and the other over two years old. Before he had connection with me, he told me he would marry me and kissed me. Afterwards I said I would go home, and he said, "No, I will marry you", and not to say anything. This was on the 13th of March, 1877. From that time on until May he was in the habit of coming to my room at night and sleeping

0499

with me. At these times he would tell me that I was his wife, that it was nothing, that he was going to marry me. From the 23rd of May to the 13th of August I was the only girl in the house, and he slept with me most every night. Every month from July until November he would ask me if I had my courses. In August I told him that my courses had stopped, and he told me not to say anything to my parents about it. I was almost continually sick from August until November. He said he would take me to a doctor and get some medicine for me, and that would make me well. I didn't know that I was pregnant, and he didn't tell me. On the 4th of November (Sunday) he took me to Mme Blance's, 102 W. 31st St. He and the woman went into the back room, while I remained in the front parlör. As soon as they were through talking he returned to me and said that that was the woman that was going to give me medicine to make me well. We then left. The woman said nothing to me. When we came outside I asked him if that was the doctress, and he said yes, that he knew her for a long time and that she was going to make some medicine which would make me well. He said the medicine would not be ready before next Sunday. The next Sunday we went there again. She had nothing to say to me, but I saw her give him a bottle and saw him give her some money. After we came out, he told me that he had received some medicine from her, which had cost him \$25. Then he said he would give me this three times a day, each time before meals, and that that would make me well in a few days. On the 12th of November, 1877, he gave me the medicine three times a day, but the next

Y

0500

day I refused to take it, until Mr. and Mrs. Sperb said I must take it a few times more, when I would be all right again in a few days; then I took the medicine three times that day. At 5 o'clock that evening I felt very bad, and fell down and Mr. Sperb brought me up stairs, and Mrs. Sperb undressed me and put me to bed. From that time until one o'clock that night Mr. and Mrs. Sperb and Edward Arras were with me. Then Mr. and Mrs. Sperb told Edward Arras to remain with me, and they went to bed. At one o'clock I had a miscarriage, and Edward Arras attended to me; he told me that he threw it in the water closet. I asked him to go for a doctor, and he said no, in a few days I would be all right again. The next morning I asked Mr. and Mrs. Sperb to send for a doctor, and they said it was not necessary, that in a few days I would be all right again. Then I said, "Please send for my mother". They said, "You don't want your mother, in a few days you will be all right again." I was sick for three weeks, and the 4th of Dec. was the first time I went out again, and I went home to my parents, to make a call. During my sickness he would come up stairs and attend to all the work on that floor for me. I asked him why he should make the beds, that there was another girl in the house who would make the beds or my mother would make them, and he said, "No, we don't want anybody to know anything about it. I asked him if I had any sickness or anything, and he said that if he hadn't bought that medicine that within a few months I would have a child. When he told me that, I felt very bad about it, and I said "As soon as I am able I will go home, I don't want to stay any longer.

0501

Then I knew for the first time what he had given me the medicine for. On the 4th of November (Sunday) when I went home, Mr. and Mrs. Sperb told me to say to my mother that I had the tooth ache and got a little cold, and not to say what had happened. Edward Arras said, "If you say anything to your parents or anybody, I will shoot you, I will kill you." I didn't say anything to my parents and returned to Mrs. Sperb's the same day. Arras told me that as soon as I was all right he would marry me sure on the 5th day of May 1878. When the 5th of May came he said to wait until the 10th of May, and when the 10th of May came I asked him if he was going to marry me, and he said there was plenty of time yet. And I said, "If you don't keep your word now, I will go home and have you arrested." He said if I would say anything, he would shoot me. I said, "Well, I will go home on the 23rd of May, when my month is up." From the 10th of May until the 19th of June he was angry with me and would not speak to me. When the 23rd of May came I wanted to go home, but Mr. and Mrs. Sperb would not let me.

On Wednesday the 19th of June, 1878, we were cleaning house. As it struck four o'clock Edward Arras came up to the back room on the first floor that Mrs. Sperb and I were cleaning; his sister was with me; she asked him what he wanted but he made no reply, turned around and went down stairs again; In about 15 minutes he came up again; his sister was present, and he went down again. Again in about 15 minutes he returned; I was all alone. He came in, shut the door, pulled

0502

1

out a pistol from his right pocket. As soon as I saw him do this, I asked him to leave the room. He made no reply, but came over to where I was sitting on the floor, placed his left hand on my shoulder and said, "You are tired of your life, I will give you 'arrested'", and fired, the ball entering my left ear.

I was unconscious from that moment until Saturday following, June 22nd, when I recognized Mr. and Mrs. Sporb, when they said "Now Eva, if Captain Williams comes say that you have no complaint to make, and that you have no father. I didn't see the Captain. As soon as I was able to speak I said I wanted my mother. Some one was sent for her, and she came. Dr. O. S. Paine, 47 W. 31st St. came a few moments after my mother. The next day I asked Edward Arras, "Why did you shoot me", and he said "I was afraid you would say something about the first case, but never mind you aint dead, and as soon as you are well I am going to keep my word this time." I said, "No you wont marry me." And he said, "I hope to be paralyzed, crippled and the poorest devil on earth if I don't." I was sick for two weeks. When I got better he said, "Now Eva, we will be married on the 1st of May, 1879. As soon as I was well again, we lived as we had before as man and wife.

In January I was pregnant again, and he wanted to bring me to this Doctress, but I refused to go. Then he wanted to put me in the country where I would have good care, that he didn't want to marry me and have a child before so that the

0503

6

people would know it." I said, "No, I wont go any place, and I wont take any more medicine. Then he fixed medicine himself for me— but I would not take it; I said he could drink it himself, and he said it was not medicine for him that it was medicine for me. He said if I wouldn't take that, that I might go to the devil; that he would not marry a woman who had a discharge from the ear, and that I could go to the devil.

On the 18th of May I went home and told my father all about it.

On the 10th or 11th of June I was sent to the German Hospital, where I remained seven weeks. Then I returned home.

On the 8th of September I went to the New York Infirmary for Women and Children, 5 Livingstone Place. I was there seven weeks, and confined there. My baby was a month and three days old when it died of erysipelas.

On the 23rd of May when I left Mrs. Spurb's, Edward Arras said, "Wont you say that you got this child from others, and I will give you any amount of money, if you don't say it was me." I said, "No, how can you ask me to do anything of that kind. I have been very sick ever since. My breasts are out up. I have been operated on twelve times. The ball is still in my head

Question.—Are you willing to make a true statement, how, and in what manner, you came by the injury from which you are now suffering?

Answer.— I made the acquaintance of Edward Arras of 203 W. 38th St. at Mrs. Spurb at No. 505. E. 4th Ave. about October 1876. Mr. Arras was foreman in the Butcher establishment kept by Mrs. Spurb. After having been acquainted with him a few months on the 7th day of March 1877 he came up to my room and after persuading me to swearing that he was my husband and his wife she succeeded in his purpose and had connection with me for the first time. He lived in the house and from that day on he came to my room every night & slept with me every night and swore every time, that I was his wife and that he would marry me and that he hoped, he would be paralyzed if he did not. Every month he asked me whether I was an-

well ~~my~~ ~~months~~ - I told him yes in July - In August
 I told him that my menstruation had ceased
 - he asked me every month, until November, when
 I became aware, that I was in the family way - He said he
 would take me to a doctor and I would be all right again
 - He took me to one Mrs Blance of 102 W. 31st St on the first
 Sunday in November 1877. We went three times to Mrs. Blance
 the third time she gave ~~me~~ some medicine, which ^{pregnancy} made me very
 sick - I was sick then for 3 weeks - Pieces of blood came
 from me and he was with me day & night & threw everything that
 came from me into the water closet - Neither Mrs Blance nor
 Arras told me, what was going to happen ~~to~~ to me. I do not
 know, whether the people in the house knew what was the matter
 with me, but his sister told him that he should stay with
 me. Two months after I got well, he came to my bed again
 regularly - nearly every night - He lived in the house
 with his sister, Mrs Speer - On the 5th of May 1878 I spoke
 to him & told him that I would not look on any longer
 & was not going to be fooled any longer and that I
 would go home & tell my father. He then promised to
 marry me on the 10th of May. When the 10th of May came
 he did not come & did not speak a word to me, until
 the 19th of June - all of which time he slept out of the house
 - He did not even bid me the time of day - On the 19th of June
 abt 5 o'c P.M. he came to my room on the first floor with both
 of the house - His sister was in the room & he left again. Abt 15
 minutes afterwards he called a second time, but his sister was there
 yes - He left & came again in abt 15 minutes the 3rd time - I was
 alone then - He closed the door & pulled a pistol out of his
 right side pocket - I told him to go out of the room - He came
 over to me - I screamed - they he pushed me down - putting floor -
 He held the pistol to my head then & said that I was tired of
 my life & he would settle me - I told him weeks ago that
 I would have him arrested and he said that he would give
 me a "arresting" then he shot me. This was on a Wednesday and
 I knew nothing about me until Saturday, when he and his sister
 came to my bed - my head was terrible swollen yet - and promised
 me again, that he would marry me and that he hoped, that he would
 not blow out a candle and that he loved me & I was in bed two
 weeks attended by - Paine - At that time Arras & his sister told me that
 if Capt. Williams should come to tell him that I had no father & that
 I had no complaints to make & that Arras would marry me sure -
 I was not able to do any work until August 1878, but I was paid
 my wages all the same I told him that I wanted to go home & he said no -
 he would not let me go & he would marry me. He promised to marry me May
 1st 1879 - In February this year I became pregnant again & he wanted to
 take me to a doctor again to drive the child away, but I told him, that
 I knew better now & would not have it done - It was the first of year
 since he said he would not marry me, as I must find from the cap -
 - my pregnancy discharges every night shot me - I left the house then
 on the 28th of May & he told me that if I would die any more, he would
 kill me - He often threatened to do this before. I am now four months
 pregnant & I have been sick nearly all the time since he shot me.
