My dear Sir,

Having
been informed that there
will be a vacancy in the
office of School Inspector in

of the non-acceptance on
the part of one of the recent
appointees, I take the liberty

of suggesting to your Honor
the name of Dr. Nathan E.

the position. Dr. Drill is a

Dear Sir:-

I have several of your letters before me, in which you state you will give your attention to my request for a place as Assistant Dock Master or Door-Keeper for W.A. Chandler.

These letters are dated months ago, also my interview with you months ago you agreed with me, that I had a right to expect better treatment. Nothing has been done by you in this direction.

I worked one year and spent at least, six thousand dollars of my money to get a change in this City's affairs, and now, find that not one word that you reformers gave to the people has been kept in good faith.

You, yourself spoke at my headquarters in West 28th. St., and many other places and you promised the people a Non-Partisan City Government

You have never kept your word. All the departments in this City are controlled by Republicans.

I am not personally looking for a place, but, this man I speak about

(2)

spent his money and worked hard for you.

I cannot get one man a place after all my efforts. When men who did nothing get everything, the men you appointed to office have no word or never keep it when given, with a few exceptions; I certainly was disgusted with Tamany Rule, but, will say for them-when the men in power gave their word, it was good.

I am done forever with men who advocate your kind of reform and thousands voice my sentiments in this City.

Yours Very Truly,

Mayor of New York City.

Dear Sir:—

I was born and raised in this city, and have raised a very large family here.

On Aug. 25th 1896 my oldest daughter Ella passed a Civil Service examination for clerk or bookkeeper, and received a percentage of 86.45. Since that time I see by the newspapers that a young lady from Jersey City has been appointed to such a position, and I most respectfully ask of your Honor if a citizen and tax payer of this city has not got the preference for these local positions according to the law.

I also desire to state that my daughter asked the clerk in the Civil

Service Bureau where she stood upon
the list as clerk, but he stated there
was so many different kinds of positions
mixed up with hers that he could not
give her the desired information. Is this
correct Mr. Mayor?

So hoping you may consider this
note, and praying for an answer as soon as
possible, I remain,

Respectfully yours,

Some time ago, at the suggestion of my friends, I became a candidate for appointment to the Civil Service Commission, the application therefor being now on file in your office, endorsed by, Hon. Your Honor undoubtedly overlooked this application in selecting a successor to the late E. Randolph Robinson Esq., for I was never accorded an interview in connection with the matter, and I so thoroughly appreciate the action of my friends, that I beg that Your Honor will allow me some explanation, for I feel as though some consideration should be given to the many prominent representatives of the Clergy and Bar who were my sponsors.

Any action taken by Your Honor, in this connection, will be keenly appreciated, by,

Honorable William L. Strong,-
Mayor of the City of New York.

Dear Mayor,--

This morning I was applied to by a friend of Mr. Seward Baker to write a letter to you commending his qualifications as a man and a lawyer. I did so and sent the letter to the friend. This afternoon I was informed from another source that Mr. Henry C. Henderson was an applicant, or rather that his friends had presented to you his name for appointment as Police Justice in the newly annexed district and that Mr. Baker's name was being presented as the opposing applicant.

While I do not wish to withdraw or retract anything that I said in my letter in regard to Mr. Baker's qualifications, yet I should not have written my letter in his favor to be used before you against Mr. Henderson. Mr. Henderson is a Republican and is certainly equally competent with Mr. Baker, and indeed has had, I think, much more experience in the practice of criminal law than Mr. Baker. As between the two, I should feel it my duty to recommend Mr. Henderson to you.

Very truly yours,

Dear Sir:

Having signed a paper presenting the name of
Jr James R. Croes, C.E., for the
consideration of the Rapid Transit
Comⁿ, as a member of their
Board, permit me to enclose
a memo. showing Mr. Croes
record in relation to Rapid Transit.

Without committing

knowledge would make him a
valuable member of the Board.

RAPID TRANSIT RECORD.

----:o:----

In 1877 J. J. R. Croes was Chief Engineer of the Topographical Bureau of the Department of Public Parks, having charge of the laying out of the 23rd and 24th Wards, and on March 21st, 1877, submitted a report on the conditions which should be observed in designing a system of Rapid Transit North of the Harlem River (Doc. 75 D. P. P.) This report was concurred in and signed also by Fred. Law Olmsted. It was the first study of the subject which had been made, and many of its suggestions were followed by the subsequent Rapid Transit Commissions.

In 1879 Mr. Croes was one of the Engineers to the Rapid Transit Commission of April 2, 1879, which organized the West Side and Yonkers R. T. Company.

He was Engineer successively to the Rapid Transit Commissions of Jan. 19, 1880, which organized the East Side and Mount Vernon R. T. Co. Of March 6, 1880, which organized the Suburban Rapid Transit Co. Of June 2, 1880, which organized the Brooklyn Rapid Transit Co.

From 1883 to 1891 he was the Chief Engineer of the Suburban Rapid Transit Co. and designed, constructed and operated that road from Harlem to Tremont. In 1891 the Railroad was sold to the Manhattan Railroad Co. and he resigned his position.

During the past five years, 1891 to 1896, Mr. Croes has devoted much time and study to the subject of Urban and Suburban traffic and has contributed largely to the discussion of the subject. Several of his papers have been published, among which are the following:

June 1, 1892. A general discussion of the subject in a letter to the Evening Post. Partially reprinted in the Railroad Gazette of June 20.
Nov. 30, 1892. Lecture at the Troy Polytechnic Institute on "Passenger Traffic in Great Cities". Reprinted in the Railroad Gazette Dec. 16, 1892. This was accompanied by a diagram illustrating the hourly fluctuations of traffic in New York City in a manner never before or since published.

March 17, 1893. Paper on "Speed and Capacity of Rapid Transit Roads in Cities", with diagram showing the results of several hundred observations of the speed of trains on rapid transit railroads. Printed in the R. R. Gazette.

Nov. 2, 1894. A discussion of the distribution of traffic on the rapid transit lines in New York City, illustrated by diagrams showing the actual up and down travel on a typical day. Printed in the R. R. Gazette. Nothing of this kind had been before attempted.

Dec. 20, 1894. A Brief of suggestions of lines of investigation which should be pursued by Rapid Transit Commissioners. In this paper the "canoe-paddle" route, comprising a four track stem line, from Chambers St. to Forty-second St. with a loop around the districts lying above and below those extremes was suggested. This document was transmitted to the Rapid Transit Commission by a number of prominent citizens, with their endorsement.

Dear Sir:

Some time ago I wrote you in regard to my son who had applied for a position as Park Carpenter. he went directly to the Office of the street-Cleaning Dept. where you advised him to go. Mr Gibson told him he could give him nothing to do.

He has since applied to the Labor Bureau for a second application to be filled out. and was told the first application which is no 46 would hold good. and

and would be obliged to wait till he received word from the Trade School. which has been a long and weary wait. it is almost a year since he applied for the Position.

Dear Mr Strong I certainly think you have the power to exert your influence in regard to this matter if you wish to do so. can you not address to President Mc Millen of the Park Dept, a few lines asking him to favor my son by giving him employment at once. he has not succeeded in finding employment of any consequence since I last wrote you. I have borrowed and begged until I can do so no longer. I am now

absolutely penniless. was obliged to move from 593 Amsterdam Ave as I could not pay the rent. in consequence of my son's long enforced idleness.

Am in very feeble health and not able to help myself in any way. so am entirely dependent on my son's support. not only physically weak but fractured my knee by taking a misstep. which prevents me for caring for myself.

Now dear Mr Strong the greatest favor I ask (which will cost nothing) will be to secure a position in the Park for my son. do assure you it will be the best Christmas present I can receive.
Hoping this will be

Kindly considered and acted

Mayor of the City.

Dear Sir;

I have been an applicant for the position of foreman of the Street Cleaning Department, and passed the physical examination creditably, and was placed upon the list for employment.

After waiting months for recognition, I made a personal appeal to the Asst. Supt. and was politely informed that I was too old.

Now, as it is not a crime for a born American to arrive at the

honorable age of 57 years. I thought that an appeal to you, knowing that a spirit of fairness prevails, I might perhaps accomplish my end.

I have a large family to support, and owing to the fact that, for the last thirty years I have been a steadfast republican working hard, and relentlessly for the party, I thought I might at least get a position as foreman of the department before mentioned.

I am a veteran and am the proud possessor of an honorable

discharge from the service, and in good health, and ^{of} good character.

Should you have favor me with an interview I would deem it a great favor, and you could also see that there is merit in my case.

Pardon this imposition and no doubt waste of your valuable time.

Dear Sir;

I was born

of February 1817, I pay taxes
on my property to the
amount of one million of
dollars; I have never procured
from the city the value of one

a great favor, to give

employment to a man capable to fill any position but that of a hod carrier or street cleaner. He is fifty years old, married, and has a daughter fifteen years of age, and has lived in the city 25 years. His business turned a failure and he has been out of employment for over six months, during which time I have stood in the gap. If you will place him in any position, where

he will receive two dollars a day, I will esteem it a great favor. He is a bright man, and a gentleman.

He is no relative of mine and my interest in him is due to the fact that he is an entirely worthy man and has been, like myself, a member of the "Old Guard" for many years.

My dear Sir:

As a very old friend
will you not permit me to trespass for a few moments
on your valuable time?

In all the years, since we first became acquainted, you
have known me as a man of fair abilities and stainless
reputation. I have been fairly prosperous, too, until
financial reverses swept from me all my modest accumu-
lations. Since then, I have, for the sake of my family, ^{tried} to
been manfully to keep myself afloat; but, now, I am
utterly shipwrecked.

While I am somewhat afflicted, by lumbago, my
mentality continues as vigorous as when, in 1856, we
battled together, in California, for Fremont and Dayton and
the integrity of our government; and I have done some
things that attest my capacity. I have written and had
played and published, with reasonable success, some books
and dramas; and I have now, ready for production,
several comedies that have been favorably criticised by
first class Managers; and yet they refuse to run risks

on untried productions.

I have also, now in the hands of a publisher of reputation, a Romance; (the materials for which I collected, while I was in the U.S. Consular Service, in Cuba;) The title is -

"The Queen of the Antilles,"

and it will make a printed volume of about 300 pages.

The publisher - the Dillingham Co, of 33 West 23^d street - has made me a written proposal, (which I enclose for your inspection,) to publish the book, if I will advance \$300, to defray one half the expense of getting out the first edition. Said advance to be returned after 5000 copies shall have been sold, when I am to be entitled to 15% on the retail price on all sold after the 5000 copies.

The Romance works up a very dramatic story, and it incidentally treats of events that lead up to the present critical condition of affairs in the island of Cuba. If it should prove a success I would be once more on my feet.

Will you, in this my extremity, lend me a helping hand? Time, unfortunately, has garnered all the other friends to whom, in this emergency, I might have applied, and so I am, as it were, indeed a drowning man. \$300 will meet the requirement of the publisher, and, on an additional \$100, I could subsist till the advent of better days.

I can only offer, as security for the loan I suggest,

my pledged word, and my honor, which has been unimpaired during a long and very active life.

very truly Yours,

(Signed,) Joseph. A. Menez.

Hon. Mr. L. Strong.

Richfield Springs.

Dear Sir:

Introduced to you, by a note from my friend, the Hon. Noah Davis, I had an interview with you some weeks after your installation. In that interview I submitted a general request for an appointment, and presented for your inspection, documents demonstrating my services to the Country, and to the Republican Party, and my intimacy with many of the prominent men of the Country, past and present.

You made complimentary comments on said documents, and said, if you could see how to do it, you would like to appoint me as a member of the Police Board. I replied that my physical condition was somewhat impaired, by lumbago; and my financial state was so desperate,

that I would gladly accept any gentlemanly position you might find it convenient to offer me. After much waiting, I concluded not to annoy you with further importunity, and withdrew my papers.

Since then I have devoted myself to literary pursuits, with such discouraging results, however, that I am driven to the verge of desperation.

In this condition, I very recently addressed a letter to my old friend, Mr Collis P. Huntington. A copy of this letter, with Mr H's autographic reply, I herewith enclose for your inspection, and hope that you will do me the favor to peruse the same.

I am aware of the great liberty I am taking, in addressing you at all, but especially at a time when you are seeking relaxation from official cares and midsummer heat; but I am goaded by cruel conditions, which you will scarcely appreciate, unless you can sympathize with statements to Mr Huntington, coupled with my concluding request.

Dare I renew that request to you,
to enable me to have published a volume
that may enable me to repay the loan
asked, and to do much more for me?
And dare I further ask you to appoint
me to any modest position that may
enable me to keep the wolf from my door?

with great respect,
very truly Yours,
Joseph. A. Ruiz.

Will you kindly preserve for me
Mr Huntington's letter and enclosure?

Dear Sir and Friend

Pardon me for interrupting you
and I hope you will read this to the end -

Now as I have no friends in
this city that can help me get work I want to ask you
to give me a letter to the Clyde & Co. I want to go to
Florida and get work in some of the big Hotels or on
some of the plantations. Since the cold weather has
set in lately I have suffered intensely as I was put out
of 204 E 21st furnished room, not being able to find
work to pay my rent. I have been sleeping at the
New York Flower and Fruit Mission house #22 E 26 St & they
now say they can do no more for me. So its best
for me to get out of the city I would have done
so long ago but could not obtain transportation.
I went to Mr Blake & asked for assistance but
he could not do it only send me to
the Alms House. I am deaf, an unfortunate
infirmity indeed but that don't signify
I should be made a candidate for such
an abode. I have brains & muscles I know
how to use both but I can't get the change

I am ready to do any thing. Go to war if
necessary! So I can check this starving and
sleepless reign.

Trusting you will do what you
can I'll close adding one more line I
am no hard drinker I never spend money
for intoxicating liquer. I'm dead sore on
it.

I have just learned

for a place in the Board of

he will accept if the two places
of ^{Asst} Superintendent and Clerk of
the Board can be had — He
could not afford to take one

Hon Sir;

Several days ago I called at your office & saw Mr Hedges in regard to assisting G. Bruzzone who is at present an extra sweeper in 23rd St, he has been in the service of the United States Navy 9 years - is a good republican, and finds it difficult to support his family as he is very old and given work, Mr Hedges cheerfully wrote out a card to Capt Gibson, who referred him to his foreman to use his name and get a recommendation to the Dist Superintendent

P. J. O.

The foreman refused to give him the recommendation & told him to go to the Superintendent himself. I called at the office of the Act. Commissioner Capt. Gibson & was informed that nothing could be done in his behalf unless he got the above stated recommendation. I then called on Mr. Robbins whom I was told at the office had charge of employing & transferring men. I applied to him for a Transfer in behalf of the above named Veteran, as he could not ^{spend} 10[¢] car fare every morning & then not get work?

Hon. Sir; I am confident you nor Capt. Gibson are aware of the Mysteries of the dept, & such can be seen when work is refused to an honorable citizen who has for 9 years been in the active service of the United States Navy, ready to uphold & defend the dignity of the United States.

& more still a black republican), Honorable Sir; I promised Mr. Hodges & I promise you that I shall bring you some startling affidavits. I do not intend to make a scandal, for your sake, whom I consider the most estimable gentleman that ever occupied the present chair you hold, and also my beloved republican party, although I would be justified in doing so.

Trusting you will take this to your kind consideration & hoping you will personally endeavor to assist this poor countryman of mine whom I have befriended. I remain believe me.

Most Respectfully Yours.

My Dear Job;

I wish if it lies in your power, you would do something for officer James Donnelly of the City Hall squad. He is a deserving fellow, whom I have known several years and is seeking promotion. I got Cuzer to send down his papers for the Civil Service, which Donnelly took. I do not believe he or any one else passed the 90% required & that something else is necessary to accomplish it. If you can consistently say a word to the Civil Service Board or any one of its members in his favor, please to do so. Or if you know any other way to get him through try it. There is no little time left as the percentages are liable to be announced at any moment!

I have been very busy, else should have been in to see you.

Hoping you will do what you can in the matter mentioned, I am, as always

Sincerely your friend

To the Hon. Oscar S. Straus,

My Dear Mr. Straus :

I December last I applied for the position of Inspector under the Commissioners of Charity. The duty of such inspector being the examination of schools, institutions, &c., in order to find out the worthiness of those receiving money for their support from the State. At that time I placed with Mr. Faure, a number of letters of recommendation. Among them was one from yourself, from the Messrs. Harper & Brothers, from Mr. Gilbert Jones, formerly owner of the New York Times, and from the Assistant Secretary of the Smithsonian Institution. With all these persons, excepting yourself, I had been in business relationship for the last 25 years.

As a Jew was wanted, more particularly for the inspection of the Jewish schools, it was thought by my friends that I might be well fitted for the place. I may say that I have made a study of public charity, and am well acquainted with present conditions. I am, of course, familiar with my Jewish co-religionists. ~~But~~ quite irrespective of creeds, I would do my best to act impartially. As I am paintaking

and industrious I see no reason why I would not make an efficient inspector .

Col. William L. Strong,

My Dear Mr. Mayor :

There are to be several appointments under the Charity Commissioners for the position of inspector to examine schools and institutions. I have been told it is the intention of the Commissioners to select an Israelite for one of these inspectorships. I desire to recommend for such appointment a gentleman I have known for many years who is in character and attainments eminently qualified to fill the position. His name is Mr. Barnet Phillips, for many years connected with "Harpers Weekly" and the "New York Times." He is a man who has made a special study of matters connected with charity. He has observed well, and written with force and ability upon the subject. There are many prominent people in this City who know Mr. Phillips well, and would be glad to recommend him for this position.

I do not know whether these appointments are made by

you, or by the Commissioners of Charity, but I would deem it a great favor, and I am confident you would do a public service if Mr. Phillips would be appointed to this position. I can with the utmost confidence vouch for him in every particular.

I beg to enclose a copy of a letter written to me at my request by Mr. Phillips, which contains some further information regarding him.

Dear Mr Mayor:

I should be very happy when the time arrives if we could have your valuable support for Mr James W. Perry for appointment as U.S. Dist. Atty. Mr Perry is of the firm of Knevals & Perry of which firm President Arthur was a member. Mr Perry is fully qualified, his standing at the bar is all that could be desired. He has always been an active republican in the same district with me for upwards of twenty years.

and was a prominent candidate for Senator and Congressman retiring in favor of Senator Pavy & Congressman Phaman respectively. I believe he would have been successful in securing one or the other of these nominations had he not finally declined the use of his name, in the interest of the gentlemen mentioned.

Mr Perry's high standing in my section of the city is so prominent that whenever a strong candidate is desired he is invariably mentioned.

Mr Perry is a member of the Union League and Republican Clubs and has for many years been a delegate to the

Republican County Committee

I can think of no one that would accept the place that would give more general satisfaction than the appointment of Mr Perry.

I trust I may not be taking too great a liberty in thus addressing you, and knowing how much your time is occupied, will take up as little of it as I can.

What I wish to ask is, your very kind assistance to procure for me an appointment as official stenographer on any of the City's Commissions.

While I have had a considerable amount of experience in all branches of my work, I do not know just how to proceed to procure a commission. I have no political influence at all, but I have the ability to do first class work in every respect.

Occasionally we get a commission at second hand, doing all the work for about one third of the sum paid by the City in stenographer's fees.

If successful in securing a first appointment I feel reasonably sure a second would follow.

A word from you would undoubtedly be of great assistance to me and I hope you will give it in my behalf.

I had the pleasure some time ago of hearing you address a meeting in Carnegie Hall in the movement made on behalf of Mr. & Mrs. Ballington Booth, and heard you relate your experiences with the Poke Bonnets, and how the ladies secured their licenses to preach through your kindness. Now Mr. Mayor, I wear no Poke Bonnet else I would approach the City Hall, and seek an interview to ask the favor I hope you will be able to grant me. I have been trying for some time to obtain a position as stenographer and typewriter but have been so far been unsuccessful, and feel very much discouraged therefor, as it seems every advertisement I answer it is this way " I'll take your name and address, and let you know, or I will

(Hon. William L. Strong, Mayor. 2.)

send you a telegram" I never hear from them, and so spend a great deal of time and money. I have had seven months experience in a Commercial House, and in most places they want someone who has had several years experience, and will not even give me a trial. And this is the reason I write to you, as I think you have a kind heart and friends that may want someone in my line. I have done some work for the Republican Club of New York City, through the kindness of Mr. Adlebert Steele, who is now Deputy Commissioner, in this city. I can give the best of references as to character, from my Pastor, the Rev. Chas. B. Chapin, D. D. of 419 W. 145th St. N. Y.

At a meeting of the inspectors for the 12th. school district held yesterday, we were informed by Mr. W. T. Lee, of 128 E. 27th. St. that he had sent in his resignation as a school inspector in our district to the Mayor. I am instructed by the other remaining inspectors, and take great pleasure myself to recommend to the Mayor that Mr. Joe Evans be appointed to fill the vacancy. You may remember that Mr. Evans was appointed last Spring but was abroad at the time, and remained away so long that his Honor the Mayor appointed some one else in his place. I know that Mr. Evans was disappointed in losing the position, and I hear that he gave some time abroad to studying the various schools; at any rate he is interested in the schools, and would give a great deal of time and attention to them if appointed inspector.

Dear Mr. Mayor:

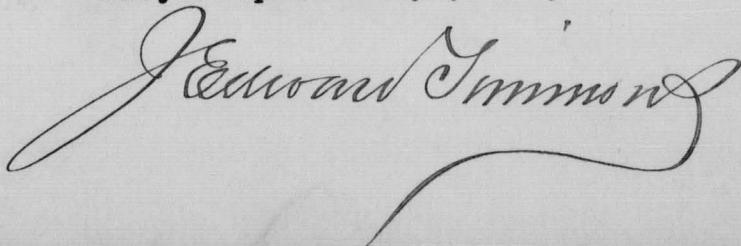

I am surprised to hear that a movement is on foot to induce you not to re-appoint as a Commissioner of Education the Hon. Joseph J. Little, who has rendered such an efficient service to the schools during the past few years.

Mr. Little, as you know, is one of our most respected citizens, and in all that he has done in connection with our great educational system, I am sure that he has been moved by a conscientious desire to accomplish that which was most beneficial to the city's interest. As Chairman of the Building Committee his services have been of inestimable value, and I cannot but believe that his retirement from the Board of Education will deprive our school system of one of its most ardent friends and efficient supporters.

As an old Commissioner, who gave the best ten years of his life to the schools of this city, I respectfully request that you confer upon Mr. Little the honor of a re-appointment and thereby retain in the service of the city a thoroughly competent Commissioner and a most honorable and upright gentleman.

Believe me,

I desire to call your favorable attention and consideration for the appointment of Israel C. Jones Esq. as one of the School Commissioners to be appointed by Your Honor.

Mr. Jones has held the position of Superintendant of the House of Refuge at Randall's Island for many years, and has an extensive and practical knowledge of School matters in this City, State and elsewhere, and takes great interest in all matters touching our Public Schools. He is now a retired gentleman and is well known as a citizen, who would bring additional dignity, experience and business principles in our Board of Education in addition to the already excellent appointments you have made. It would require but a short interview with him for you to be impressed with all that I have said.

I urge his appointment because I have a lively sense of the necessity of broad, liberal minded and experienced Gentlemen in the Board.

My dear Mr. Mayor:

I take pleasure in enclosing herewith a petition from a few of the prominent republicans of this city, whose names you will readily recognize, asking the appointment of C. P. Devare to office of school inspector, in the event of a vacancy occurring in any place in this city. I have given some thought to this application, and I have no doubt this appointment would result very beneficially to the schools of this city. Mr. Devare is a man of very high attainments and is an expert in the teachings and discipline in the public schools.

I am going out of the city, to be gone for four or five days, otherwise I would present this myself. I send it by Mr. Frederick, stenographer to the Campaign Committee.

Yours faithfully,

Enclosure.

Dear Sir,

I write to make a complaint
against Edward L. Gridley, one of the City
Marshals.

I sent him an execution last December
on a judgment obtained in the 7th Dist.
Court in favor of John A. Malumberg against
Philip Smith of the Northwest corner of
78th Street and 1st Avenue.

Mr. Smith informs me that he paid
the judgment soon afterwards, either to
Mr. Gridley or to his deputy.

I have written to Mr. Gridley twice,
but can get no answer to my letters.

The amount of the judgment is small,
only \$17.- or \$18.-; but I deem it my duty to
let you know that he is acting in such a
manner, and in the interest of my client,
to ask your aid in compelling him to pay
over the amount collected.

Very respectfully,

Cham. School No. 45,

May 20, 1896,

My dear Mayor Strong,

A friend
of mine, Judge Hermann
Botte, 32, Chambers Street,
is at present one of the
Trustees of the Fourth Ward,
and I most sincerely hope
that Your Honor has his
name on your list for
appointment as an Inspector.

His honesty of purpose
and devotion to the schools
has endeared him to all-

the children rush up to him
as he passes along the street,
as if he were a father to
them all. Long ago I was
aware of the fact that he
considered it a greater honor
to be a school officer than
to be made a Judge.

I am certain that you
will add to the efficiency
of the schools by appointing
him and I shall very
much appreciate the honor
conferred on him.

Very sincerely yours,

I have long been much interested in, and a close student of, the transit problem; and if chosen for the work I would try to be of help in solution of the problem.

Act

9 West Ninth Street,

November 10th, 1896.

To

Honorable William L. Streng,

Mayer of New York City,

Dear Sir,

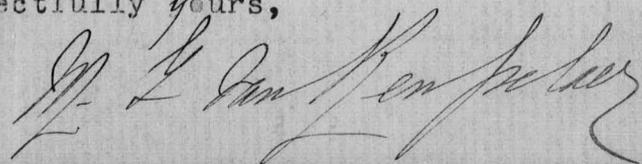

It is with great regret that I find myself compelled to resign my office as one of the Inspectors of Schools in the Ninth District. I find that my health is not strong enough to permit me to do the work as it should be done; and family reasons may oblige me to be absent from New York during a part of the winter. Therefore it seems to be my duty to resign my place to some one who can carry on its important tasks more diligently and systematically, although I ~~have~~ feel it a great personal sacrifice ~~to~~ thus to cut myself off from interests which have steadily grown more and more important to me since the time of my first appointment, eighteen months ago.

Should you have no one in mind as a good person to fill the place thus left vacant, may I suggest the name of Mr. Charles Wisner, whose address is 18 West Twelfth Street? He is engaged in business but has sufficient leisure to attend conscientiously

2.)
tiously and thoroughly to the work of a school district. He has long been interested in all matters relating to the condition of the people of the city, and is familiar with our social conditions, and with the needs and characters of our poorer classes, to a rather exceptional degree. He happens to have been much among these in the neighborhood of Marion and Mott streets where two of the schools included in our district stand. Mr. Wisner is furthermore a man of cultivation, of much energy as well as conscientiousness, of genial manner and great tact, but of firmness and independence also. Taking all his qualifications together he seems to me as well fitted for just this post as any one whom I have ever known in New York. I think Miss Collins would approve of his nomination (as there will still be another woman inspector, Mrs. Beach, in the district); for she is well acquainted with his family and, I think, with Mr. Wisner himself; and they are all active workers in the paths where Miss Collins herself has been so wisely energetic.

Expressing once more my great regret at giving up the place, and thanking you for the confidence you showed in appointing me to it, I am, Sir,

Very respectfully yours,

41 West Eleventh St.

Mrs. van Rensselaer tells me
she has been compelled to
resign her position as School
Inspector. Also that she sug-
gested Mr. Charles Thoresen as
a good person to take her place.
May I say that it seems to
me an excellent suggestion?
We have known Mr. Thoresen's

family for a long, long time,
and have always regarded
them as honorable, intelligent
people, without selfish aims.
This gentleman, the youngest
of the family, shares their
interest in his fellows, and
has done service among boys
for years. Perhaps the best
plea is that he is not ex-
tremely occupied with his
own business, & is willing to
take this place.

Have been for four years and until I moved to the City, Captain of the 11th Election district of the town of Jamaica L. I., also member of the Republican town Committee.

Am thirty two years of age, and married and confess it is absolutely necessary that I be employed. by complying with my request you would be rendering to me and mine a greater service than you may imagine.

Have never asked a similar favor before and can understand how often you may be written to making the same request

and you could please us so much as
well as the cause of complete happiness.

Colonel Strong,

Dear Mr. Mayor:

A noble girl, who prefers to be called a Business Woman, is seeking the position in the Board of Health known as Mercantile Inspector, of whom some 13 are to be appointed before the end of the month.

Her name is Caroline Whitcher, 19 W. 38th St., and she is known to me as entirely worthy and able. She has the warmest commendations from most respectable citizens, and will beyond doubt meet the most exacting requirements of the Civil Service examination.

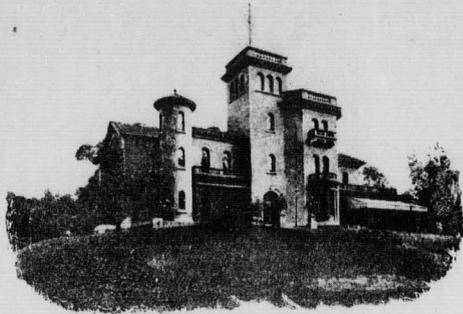

Yet she may need some more potent influence than real merit commands, and I venture to ask your kindly word on her behalf because you know I would not take this liberty unless it was all right.

Now, my best of friends, it would help me greatly to serve Miss Whitcher and at the same time put into the public service an admirable official that would do credit to your administration.

Hence I take the very great liberty of asking you to pencil a memo. favorable to her on the bottom of this and send it to President Wilson, if that is entirely proper.

Dear Mr. Mayor,

I think it
right to call your attention to a
Man worthy of being appointed to
a position in some Department.

He has made application for the
Sheet Cleaning Department, and I
enclose you Capt^m Gibson's reply.

Something should be given Mr Webb
at once as an acknowledgement of
his services to Republicanism.

He has worked hard & assiduously
in the Republican interest & if the
15th Senatorial & 17th Assembly District
are won for the Republican Candidates

Mr. Webb may be thanked for the result. He is forming an Association of young Republican blood which by the Presidential Election will number nearly 1000 thou. I also enclose you a recommendation to Col. Waring which perhaps you will see the Col. with. Surely some position should be found for Webb.

He would be content as Harkness Foreman if a Foreman's position can not be given him. He is an educated man (University B.A.)

May I ask you to interest yourself for him and to let me hear from you at your early convenience.

Yours truly

Dear Mr Mayor /

In writing you
on 4th with recommendation on
behalf of Mr Walter Webb I stated
that if the 17th Senatorial Republican
Candidate was returned Mr. Webb
should be thanked. This was my
mistake. I should have said the
15th Senatorial. You see that Mr.
Pape, the Republican was elected, and
that mainly through the indefatigable
efforts of Mr Webb.

Mr. Webb also assisted Mr. Adler
the successful (Republican) Candidate

for Assembly in the 8th District.

You will notice that Mr. Adler signed the recommendation I sent to you.

I think it right to inform you that there are now to my knowledge 2 Foremen on the Street Cleaning Department better Enemies of the Republican Cause, and who worked for Tammany and are subscribing money to Tammany for Campaign purposes.

Their names are Thomas Burke and, Mr. Baumbrink.

The letters and documents were

Will you please make inquiries

In January last
you wrote Mr Hoff that you had found

You also stated your willingness to send

Mr Webb is deserving of a position.

He is a staunch Republican of the Mayor

carry victory for the Candidates he supports
there. We shall need many such as
him in November next. I have sent

Dear Mayor,

It may be in your recollection that Mr Hoff wrote you in November last desiring your influence on behalf of Mr. Walter Webb with Colonel Waring, and I believe through your kind intercession Mr. Webb was put on the Eligible list for Freeman. That is as far as Mr. Webb has got. A Man like Mr. Webb deserves more. He ought to be given a position

position as Foreman without any further delay. He is a staunch and true Republican of your own type, and fought an up hill fight for Senator Dape in November last in the 17th Senatorial District against Tammany and brought Mr. Dape out successful. He is now out heart and soul for Major McKinley.

Give him some slight encouragement by obtaining for him the humble position he seeks.

We shall require many such Men as Mr. Webb in November next and their services ought to be recognized.

I enclose you Copy Testimonials on Mr. Webb's behalf. The Originals have been sent to the Colonel. These are in addition to those sent you in November

Please see Col. Waring yourself for Mr. Webb and get the Col. to appoint him right away.
