My Dear Sir:

Several months ago I sent to the Mayor certain letters and papers in behalf of Mr. George Edward Kent, whose friends were then seeking his appointment as police commissioner.

I assume there is no objection to these papers being returned and therefore ask that you will kindly send them to me at your earliest convenience.

If you prefer the bearer will call for them at such time as you may suggest.

Very truly yours,

Hon. Wm. S. Strong,

Mayor's Office,  
City of New York;

Dear Sir;

Yours of August 6<sup>th</sup> in reply to mine of July 28<sup>th</sup> and August 6<sup>th</sup>, requesting to examine the yearly reports of the Trustees of the Sailor's Snug Harbor, was received yesterday. I had supposed that these reports were on file, and that parties pecuniarily interested in the trust were entitled to examine them; and also, that the parties controlling this trust, under the Trustees, would not allow <sup>any</sup> examination of its affairs without the authorization of the Trustees.

The statement of your secretary

that I stated to him that it was quite possible for me to obtain these reports from one of my personal friends, a Trustee, is erroneous, It is utterly impossible that I could have said anything of that purport, as I have <sup>no</sup> personal acquaintance with any of the Trustees, much less, a personal friend among them.

Yours Respectfully,

Dear Sir:-

We have the largest organization in the banner republican district of this City. Saturday evening ~~Oct~~ November 2 we will have a mass meeting and it be a great honor for us to have you attend. The campaign will wind up in this district on that evening in a blaze of fireworks, mass meetings and all the enthusiasm we can manufacture. We are also trying to get Carl Schurz for a German meeting at another hall on the same evening.

Will you kindly let me know whether it will be possible for you to attend. Our greatest trouble is getting republicans thoroughly aroused, for some unknown they seem apathetic.

Hon. William L. Strong,

Dear Sir:-

I have your communication of yesterday, advising me that November 25th has been set apart by the management of the Atlanta Exposition as Manhattan Day, and inviting me to be one of a Committee of Arrangements, for which purpose I am asked to meet with others in the Governor's Room to-day at 3 P.M.

I very much regret that an important meeting which I had previously promised to attend at the same hour to-day will make it impossible for me to be present, but I shall be glad to do anything I can to forward the purposes for which the Committee of Arrangements referred to is sought to be formed.

Very respectfully,

## MANHATTAN DAY AT ATLANTA.

### New York May Send the Old Guard or a Crack Regiment Down There.

In response to the 400 invitations sent out on Wednesday by Mayor Strong about 150 New York business men met in the Governor's Room at the City Hall yesterday to form a Committee of Arrangements to prepare for Manhattan Day, Nov. 25, at the Atlanta Fair. The Mayor said that Nov. 25 was Evacuation Day, so dear to all New Yorkers. He said that he would evacuate the town and go to the exposition if no one else went.

"New York," he said, "showed a great lack of enterprise in the Philadelphia exposition in 1876, and again in the World's Fair at Chicago, two years ago. To make up for this, I think it will reflect credit on itself and boom the trade between the North and the South for New York to send a representation to Atlanta worthy of the city. I think it would be a good idea if the Old Guard went to Atlanta."

Ex-Mayor Thomas F. Gilroy said that he thought all the citizens present were in favor of so laudable an undertaking. As the time was rapidly approaching and it would require every minute of it to make preparations, he moved that a committee of twenty be selected by the Mayor to take charge of the matter, get rates, transportation, and subscriptions for the taking of the Old Guard.

This was passed, and then a clipping from the *Atlanta Journal* was read, which told how Chicago was going to send the First Regiment, 800 strong, and 15,000 citizens for Chicago day, Nov. 11.

Mr. Isidor Straus then asked to have the motion reconsidered, saying:

"I think if we are going to do anything we should do it well. Now the Old Guard is very dear to New Yorkers, but we want the 'new guard.' I think we should send one of our crack regiments down there. Maybe the State will be generous enough to provide the transportation. If not there ought to be enough civic pride in this city to raise the money to send them. I move that the committee of twenty be allowed to take whatever steps it sees fit."

This motion was carried. The Mayor will announce the names of the members of the committee to-day and they will make a report at a meeting to be held on Wednesday at 3 P. M.

The Honorable W. L. Strong Mayor  
of the City of N. Y.

Dear Sir

I hope that your Honor will excuse the liberty I am taking in addressing you concerning the filthy streets of N. Y.

I read so much in papers about keeping streets clean in N. Y. city, that I can not understand how it can be possible by the present appropriations. When I think of the time when we had but \$500,000 a year for the cleaning of the streets and removing of the ashes and garbage.

Certainly that is 22 years ago, there are miles upon miles of streets more to clean and a great number of loads of ashes and garbage more to remove especially on 59<sup>th</sup> St on both sides of the town but on the other side the amount of money allowed, for

doing the work is more than 3 times as large as formerly.

I was Dump-Inspector from 1867-1871 and during that period served in the 19, 20, 21 & 22 Wards

In the Winters from 1867-1868-68-69 I was stationed in the 19<sup>th</sup> Ward, now from 67-68 we had more snow than in any winter since, but we had not on equal terms the complaints. Why? We had always two gangs out cleaning crossings & culverts.

Our ash carts were mostly ash hired carts and if they did not clean their routes or reported that they were unable to do so we put others in their places. Then the police would greatly assist us in preventing people from throwing ashes and garbage in gutters or streets.

In my opinion it would be a very wise plan to have all foremen, assistant foremen & dump inspectors appointed special

police men with power to arrest any person or persons for violation the city ordinances of pertaining to S. C. D. only. It very often happens that either of the aforesaid officials, by going through their or any neighboring district, comes across violators of the law, and by the time they can find a police officer the offender has escaped, which is chiefly the case with contractors cart or trucks who <sup>are</sup> as great a nuisance as any man Mr. Mayor or look with nuisance we had in former years is content with, namely all the ash boxes on the sidewalk, in the tenement-districts, which are all done away with now.

Another matter of great importance is the clearing of sidewalks from snow.

There is a city ordinance, which compels every owner ~~of~~ or lessee of a house or lot to have his or her sidewalk cleaned <sup>and gutters opened</sup> of snow in certain time after it ceases to storm.

Now comes in the police duty and the trouble, if your ward or District officials had police officers power

concerning the snow on Broadway, why in 1870- to 1871, we cleaned Broadway from Battery to 14<sup>th</sup> St, 14<sup>th</sup> St to 5<sup>th</sup> Ave & 5<sup>th</sup> Ave. from 14<sup>th</sup> St. to 59<sup>th</sup> St in 3 days & 3 nights.

I think and I am perfectly confident, that ~~the~~ Commissioner with his Deputy <sup>say</sup> and 4

Superintendents two below and two above 14<sup>th</sup> St. by stringent enforcement of the rules of the department with the foremen and subordinates could turn the present complaint into praise.

But there is still another and a very  
serious evil, which would take the com-  
bined effort of the police and the court to  
enforce, that is, to compel all surface Rail  
Roads to remove the snow with their  
sweepers or scrapers thrown from their tracks  
into the gutters. This should be done as in  
city on the side in at least 48 hours after  
their machines run over their roads

Hoping Your Honor will kindly  
excuse the liberty I took to address those  
lines to you

Yours

Most Respectfully  
Thos. Blaines

My dear Sir:

I desire to thank you for having appointed me a Member of the Committee of Arrangements for "Manhattan Day" at the Atlanta Exposition.

It was impossible for me to attend the first meeting of the Committee yesterday, and as I am obliged to go to Pittsburgh with Mr. Carnegie to attend the opening of the new Free Library and Music Hall on Tuesday, I regret my inability to be present at the next meeting.

I think it is a grand idea to have a "Manhattan Day" in the South. If I can be of any service financially or otherwise, let me know.

With kind regards,

Very truly yours,

New York, Nov. 1st, 1895 .-

New York, Nov. 1, 1895.

Hon. Wm. L. Strong,  
Mayor &c.

Dear Sir,

I notice in today's papers that a "Crack" Regiment is to do the escort duty at Atlanta, on "Manhattan Day."

This is as it should be, but make sure that the regiment you take is all that this word implies.

The Southern people are a peculiar as well as a brave people, and today love to meet and greet the soldier boys of the Northern Regiments they met in battle, such as the 9th, 12th or 71st of this City. And I cannot imagine a more impressive and soul stirring scene than for instance the 9th, with its present regimental flags, on which are emblazoned Gettysburg, Fredericksburg, Cold Harbor, Yorktown, etc., thrown to the breeze as they once more go marching through

Georgia. A "Crack" regiment with the Southern people means, (as it does in Europe) one that has a war record. for example, the Grenadiers, the Coldstreams, the Black Watch; etc. Regiments from whose ranks the "Crack" of the rifle has been heard on many a battle field.

It goes without saying that the selection of any one regiment for this occasion, will cause bitter and intense feeling among the other commands in the City, but perhaps if such an organization was selected on account of its Veteran character, and because its members could talk intelligently to the boys of the South of the battles in which they were both engaged, and clasp hands over the bloody Chasm, the feeling of jealousy might not be quite so strong.

At any rate do not make the mistake of sending an organization South, that bears the proud and solitary distinction

of being the only regiment in the United States, that went through a five years bloody war without ever having seen, or fired a shot, at the enemy. - And whose members to get into action, or see active service were compelled to leave its ranks and go as officers in other regiments.

Very Respectfully  
James Montgomery

# SILVER PALACE AND MUSICAL EXHIBITION AND FESTIVAL FOR OPENING THE TWENTIETH CENTURY.

Sir:

May I ask if you will lend your aid and influence to a project for holding, in the City of New York, on January 1st, in the year 1900 and succeeding months, an exhibition of Music and Musical Instruments of all kinds, open to the world, to be the most extensive in its special scope possible and greater than any ever heretofore held?

In all ages large cities have held assemblies for festivity and instruction of the people, and lately great exhibitions have been much in vogue. In 1851 London commenced with the Crystal Palace, Paris followed in 1855, London again in 1862, Paris in 1867, Vienna in 1875. In 1876 our neighbor, Philadelphia, had its Fair in commemoration of our Centennial year. The seventh Exposition was held in Paris in 1878, the eighth was also held in Paris in 1889. The largest and greatest of these Fairs was held in Chicago in 1893, and attracted nearly thirty million visitors, greatly to the profit of all kinds of business in Chicago, it being estimated that over \$500,000,000 was expended by the people on account of the World's Fair.

114  
New York has never had a Fair worth mentioning, and if this project is carried to a successful termination, it will make much profit for all classes of business in New York in the year 1900, and add greatly to the instruction and pleasure of our citizens and of the World as well, and celebrate the opening of the twentieth century by a magnificent display of all the best musical talent of the age.

This project is unique and original. These qualities will attract the attention of the World and make it more celebrated than any exhibition heretofore held.

The Government of the United States has in the vaults of its Treasury over 16,000 tons of silver in coin and bullion. It is possible to get authority from Congress to use this metal and cast it into plates, or other desirable shapes, and build of it the most magnificent hall or palace this world has ever seen, the design to be open to competition to all architects of the world. In this hall (which would seat 60,000 to 100,000 people) the exhibition would be held. There could be no loss

from the use of the metal, as the work of casting the silver could all be done under the control of the Mint and guarded from loss by theft at all times by a regiment of United States troops. \$427,000,000 in silver dollars were coined since 1792, and \$375,000,000 are still in the Treasury. The cost of casting the 16,000 tons of silver would not be great. As the silver is to be used for the delight of the people, Congress will hardly refuse its use. It is as good security for the certificates--issued as money against it--built into a palace as it is stored in vaults of the Treasury, and the people can enjoy it.

Congress gave Chicago \$2,500,000 in Columbian coinage. It could not consistently refuse New York the use of the silver now in storage.

It is expected that the preliminary cost will be defrayed by contributions from the different business concerns who will be benefitted by the exhibition, the public, and advance sale of seats. The City would undoubtedly grant us the use of a part of one of the parks for a site.

The revenue from admissions, sale of privileges, etc., will greatly exceed any possible expenditure.

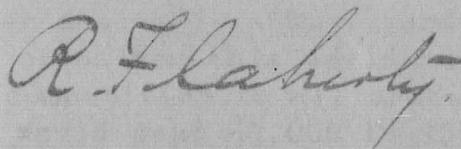

A palace of silver worth \$400,000,000 will attract a great many people from all parts of the World.

If this matter could be handled with like spirit and enthusiasm to that displayed by the men of Chicago in handling the World's Fair, it ought to bring an expenditure of at least \$100,000,000 among the various interests in our city, and to make it the grand success desired, it can only be done by the co-operation of all our leading citizens.

This matter is submitted to you, and a few gentlemen of your rank and influence, hoping that you will interest yourself in it and help give it dignity by your aid and influence. On receipt of your assent a meeting will be arranged for organization and Board of Management elected, who will have sole charge of the matter.

May I have your answer by November 1st 1895?

Yours truly,

365 Broadway, New York.

HOPE CHAPEL,

NEW YORK, November 2, 1895

The Honorable  
William L. Strong,  
Mayor of New York City,  
New York.

My dear Sir:-

73  
I trust that the newspaper reports of your speech on Thursday night are incorrect. The people of Lower New York who are face to face with this Sunday question have been greatly cheered and strengthened in their efforts to benefit the working people by your own attitude and that of the men whom you have appointed on the Police and Excise Boards. In spite of the tremendous odds against which they have worked, they have succeeded far beyond what the most ardent friend of Sunday Rest could have expected. Complaints against the enforcement of the law have come chiefly from the brewery interests, and not from men who have been deprived of their Sunday beer. And now, when it has been demonstrated that we can have a quiet Sunday, it does seem a great pity that we should throw open the question to a popular vote.

Of course the friends of Sunday Rest may win, especially if the vote is taken for the entire city. But take the Eleventh Ward, in the midst of which I live, - thanks to the Excise Board we have only 250 saloons here to-day. If the Commissioners had not heeded the protests made by several clergymen living in the District, there would have been 255, applications for five new saloons having been refused within ten days. In view of this large number of

drinking places in this Ward, involving as they do, real estate interests, friendly interests, business interests, not to speak of the brewery interests, what prospect do we have of a closed Sunday, if this District is allowed to vote on the question for itself? It seems to me, with all candor, that Fifth Avenue has a responsibility towards Avenue D, which it can not shirk. There is no question that the Fifth Avenue District will have a quiet Sunday by a popular vote, but what about Avenue D? and Lewis Street and Second Street, with ten saloons on a single block between Avenues B. and C.? Local Option strikes me as paralleled only by England's sending opium to China. There was no crying demand from the Chinese for opium until England forced it down their throats at the mouth of the cannon. There is no petition for Sunday beer a mile long, and no procession covering blocks on the East Side, composed of men demanding beer on that Day. Why then must a law be enacted opening the saloons at certain hours on Sunday?

Every man has a right in this country to hold any views that he chooses and promulgate them where he may, but personally I should as soon think of putting to vote the Tenth Commandment or the Seventh as the Fourth. Preachers differ on this question as on others, but many forget, it seems to me, that the people who are to be affected most by the open Sunday are those who need the same fostering care that we give to the child and the cripple. My

daughter asks for many things that she does not get. Her personal liberty is not allowed to have full sway. In opposing the Sunday Saloon I am trying to shield not only the wives and children of the drinking man, but the drunkard himself, who needs whatever encouragement and restraint the Civil Law can properly give, in addition to the strong arm of friendship.

Believe me, Mr. Mayor, to be very grateful for the many reforms which are due to your wise counsel and your loyalty to what you believe to be for the good of the City, and at the same time to be very sorrowful that so much encouragement has been given to the sworn foes of the Day of Rest, by the report of your speech on Thursday evening.

Very sincerely,

Dear Sir:-

If you are naming the committees to make arrangements for Manhattan Day at the Atlanta Exposition on Nov. 25th., I will ask you to put Mr. R.D.Carpenter General Agent of the Southern Ry. at 271 Broadway, on the Railway committee. He will make a valuable man in this position, as his road in connection with the ~~Trunk~~ Pennsylvania R.R. is the Trunk Line to Atlanta. Mr. Carpenter is a representative man, and will be a valuable acquisition to the committee. As a member of the Railroad Committee for Manhattan Day at the Worlds Fair, I know that a practical Railroad man is of great assistance in completing arrangements.

Dear Sir:-

New York Day at the Atlanta Exposition.

I have asked His Honor Mayor Strong, when making up the Committee to complete arrangements for New York Day at the Atlanta Exposition, to appoint Mr. R.D. Carpenter General Agent of the Southern Ry. at 271 Broadway on the Railroad Committee! I know Mr. Carpenter to be a representative man, and representing the Trunk Line to the Exposition, he would make a valuable acquisition to the committee, and as a personal favor, I will ask if you will not recommend it.

I know from experience in representing the City on a former occasion in the same capacity, that a practical Railroad man is of great assistance.

I do not know the Mayor personally, but know that a recommendation from you, will be all that is necessary.

It has been suggested to me that the "water front" has been to some extent at least, neglected in the make up of your Atlanta Committee.

Don't you think it would be a good idea to put Paul Howard Carroll on, and notify him. He is on the Governor's Staff - is the son

represents that Element.

It seems to me it would

Dear Sir

May I respectfully suggest the name of Mr Bradford L. Filber, 50 Broadway New York, as a most desirable member of the Atlanta Committee of Arrangements.

Mr Filber is the supervising architect of the Exposition buildings and his designs and management have received the unqualified approval of the directors. He has spent so much time there and is so familiar with every detail

that he could do much towards making Manhattan Day a true success.

W. Filbert is the architect of the Grand Union Station in Chicago - is consulting architect of the N.Y. Central & Hudson R Road and is the most prominent railroad architect in the country.

Here your friend the Rev. Dr. Charles A. Stoddard at home, I am sure that he would at once heartily endorse the suggestion which I have the honor to make.

If the Tribune of Friday reported your speech of Thursday night correctly, in which you said you favor the opening of saloons on the Lord's day from two to five & again in the evening, I am very much surprised, chagrined & disappointed in you as a Christian gentleman.

Your administration of affairs I have always upheld in every way but certainly now I must bow my head when I do. From your

past record you are no man to  
bow to any man or set of men  
or to wear the collar of Thos. C

good citizen admires you, but  
certainly the views you express  
is catering to a class of foreigners

Upon the request of a large number of tax-payers, and the recommendation of the Commissioner of Public Works, whose honesty of purpose and ability is beyond question, the Board of Aldermen at its last session passed an ordinance to asphalt the carriageway of 62d St. bet. 2d & Mad. Aves. and to-day at your request the Commr. of Pub. Works has again recommended the passage of such an ordinance as will empower him to do the contemplated work. I understand one gentleman has objected to your signature to the ordinance. It doesn't appear that he is authorized to represent anyone but himself. I believe you will agree the preponderance of evidence is in favor of the ordinance. Probably few of our good citizens will ever get into heaven if a single objection will keep any out.

I trust you will recognize, in fact I know you will, that it would be almost impossible to have unanimous approval of anything. If one good citizen objects to bicyclers, others may not be of the same way of thinking.

Dear Sir,

Regarding the Italian votes of this city my idea is as follows: To organize a Society comprising all the Italian votes of the city, viz 25,000 or more in one General Club.

Upon inquiry you will find that I am now engaged in conducting an industrial Italian school in this city.

I am a regular graduate of the University of Potenza, Italy, and with three diplomas; one to conduct a college in my own name in Italy - one as Professor and Instructor and one as a Professor of Agronomy.

I was instrumental in this city in crushing the padrone system in a long fight waged against the Padrones in this County and which was finally highly successful.

If your Honor desire references regarding my standing &c. I will happy to furnish them.

My long experience and dealings with the Italian Colony in N.Y. furnishes unusual opportunity for personal acquaintance with them.

The Italian Colony here desire recognition and in order to instill confidence and integrity I am satisfied to accept a proper office, the compensation being a matter of no consideration whatsoever is long as they know that such recognition is given them.

Mayor of New York City.

My dear Sir:-

I have the honor of acknowledging receipt of your valued favor of 4th instant, advising me of my appointment as a member of the Finance Committee, organized for the purpose of the proper celebration of Manhattan Day at the Atlanta Exposition, November 25th, and requesting my attendance at a meeting to-day, at 3 o'clock.

Permit me to say, that one member of our firm died in August, and Mr. Swann being absent, it leaves a large amount of work for the remaining two members (including myself) to do; therefore, I regret that I cannot give the necessary time to such Committee, and beg herewith to tender my resignation.

Thanking you for the honor you have paid me, I am,

Sincerely yours,

*John H. Inman*

Dear Sir:

Being in Newport, Mr.  
Vanderbilt will be unable to attend the  
meeting of the Finance Com<sup>t</sup> of the Manhattan  
Day Celebration this afternoon. Will you  
please make his excuses?

Yours very truly,

Dear Sir:-

I am this morning in receipt of a notice that I have been appointed a member of the Finance Committee in connection with the celebration of Manhattan Day at the Atlanta Exposition, and while I shall be glad to serve on the Committee, I very much regret that the shortness of the notice to attend a meeting this afternoon at 3 o'clock makes it impossible for me to postpone another meeting which I had already previously promised to attend at the same hour to-day.

Very truly yours,

My dear Mr. Mayor :-

I regret exceedingly  
ly that some unexpected and important  
legal business will prevent my attending  
the meeting of the Committee called by  
you for three o'clock to-day. I take  
this opportunity, however, of repeating  
the assurance which I have already given  
you that it will give me much pleasure to

Dear Sir I am duly in receipt  
of your favor first just naming  
me as one of the committee  
to arrange for a trip of New Yorkers  
to Atlanta

I am duly sensible of  
the honor conferred and beg to  
express my many <sup>thanks</sup> for your courtesy  
I am however compelled  
to ask you to excuse me as  
shall be unable to go and cannot  
take the interest in the proposed  
trip its importance demands

Dear Mayor Strong.

Stand firm!

You are right and your administration has the respect and approval of best men of this city - Politicians of the Platt stripe may seek to discredit, but in the end they meet only disgrace and destroy themselves.

Down with Tammany and all its allies, be they traitorous republicans or despised Democrats.

Clear all enemies out of your employ -  
We are behind you!

Ever all yours Geo. Van Dusen

Dear Sir:-

I take the liberty of making some suggestions concerning the Park Department.

87  
Your new Commissioners should reorganize the police force, although I do not think it is necessary to adopt such radical measures as Mr. Roosevelt has suggested; however, it is possible that a complete reorganization is necessary.

The arrest of the Duke of Marlborough, for coasting on a bicycle, leads me to suggest that the English system of a police summons should be adopted for the violation of a corporation ordinance, especially where the offender is a gentleman and gives a satisfactory address; for instance, if a well dressed man gave the address of the Mascot Hotel, 69 Bowery, which is the headquarters of crooks and repeaters, it would apparently be a false address.

I think one of your new Park Commissioners should be an active man, who would do outdoor work, that is, act as a roundsman, as Mr. Roosevelt has done, and make occasional visits at the beginning of the day where laborers are at work. The late Albert Gallup, who was president of the force in 1892, sometimes went to Bronx Park at 7 A. M., to see that the workemnn were on hand. My warm interest on the subject of Public Parks leads me to make these suggestions.

I need not say that the election was in no sense a vote of censure on the reform administration. The Tammany vote was only 4000 or 5000 more than last year, and the majority is certainly one of the german beer drinkers.

The 40,000 drones who registered and refused to vote are more dangerous citizens than the Tammanyites themselves. The Platt republicans, who are the Tammany allies, in some cases worked openly against the fusion ticket. I hope they are satisfied. Two years from now a combination of anti-Tammany Republicans, State Democrats, Independents and good citizens will sweep the city if they will only select suitable candidates.

With kind regards, I remain,

Yours faithfully,

*Alfred R. Conkling*
