Peter Conlin Esq.,

Inspector of Police

Sir:-

In answer to attached communication I respectfully submit the following report. The corner complained of on the N-W cor of 2nd Ave. and E-84th St. is a vacant store and on the S-W corner there is a vacant factory building; on none of these corners are men allowed to loiter as the officers who patrol that post have been instructed to keep the said corner clear from idlers. Men are sent out from each section during the day tours of duty to obtain evidence against any person found violating the loitering law- either indoors or on the public streets. I have caused inquiry to be made amongst the store keepers and residents in that vicinity and none of them have seen any person loitering in that neighborhood answering to description of the man in letter. I shall give this matter my personal attention and will abate nuisance if such exist.

Respectfully

Sir: In compliance with your order I visited 84th Street & 2nd Ave. on Saturday May 11th at 12 o'clock and remained in the vicinity until 5 P M. I went there again on Monday May 13th and Wednesday May 15th and remained in that vicinity several hours each day, but failed to discover any person or persons loitering around that corner or neighborhood or violating the law in any manner whatever. I also made careful inquiry of several persons living and doing business in that locality and all of them stated that they had never heard of any such thing as lottery or policy writing about there.

Sir:-

Iⁿ reply to attached communication signed by A. Browning of 17 1/2 Dominick Street, and sent to the Hon. William L. Strong, Mayor in reference to men and women of ill repute congregating at all hours of day and night in liquor store corner of Dominick & Varick Streets thereby disturbing the neighborhood.

I herewith reply that I have made a personal and careful examination of the case and I fail to find any corroborative evidence that the facts as stated are true. The place is kept by Mrs. Mary J. Drout, a widow, a very respectable woman and I am satisfied that she would not permit of any wrong doing.

I also ~~patrol~~ detailed patrolman Daniel Linn of my command to make quiet and careful inquiry among the residents in the neighborhood of said saloon, and, he interviewed the following citizens, who give the place a very good character, and they all say that they never at any time saw any disorder occur there whatever.

Henry Kenny, merchant, 20 Dominick St. Charles E. Farington, M. D. 20 Dominick St. M. Schunemann, grover, 12 Varick St. Anton Daubacher Butcher 125 Varick, and Fred. If I can obtain any ~~visib~~ evidence of any violation of Law, at said saloon, I shall take immediate action according to law to have it eradicated.

Also in regard to a nuisance of a crown standing at the corner of Ann Street and Park Row at the Bulletin Board I will state that in addition to the policeman on post I have from 3 to 4 policemen specially detailed on Park Row every afternoon to keep the place clear.

Dear Sir,

I have complained repeatedly to board of health concerning the vacant lots which adjoin my residence. I must simply say they are a nuisance and we will not be annoyed much longer by school boys and others also in the neighborhood who are continually throwing stones in ^{the} yard breaking windows, dirtying wash " " and also some one in family getting a stone on the head. and above all it is turned into a dumping ground in the hot weather especially when barrels of garbage are brought and thrown under our noses and the stench is alarming also mattresses upon which sick have lain are also thrown and various other annoyances. and if not fenced in
over

soon we will take further means
of having the owners of the property
be compelled to force them in,
so earnestly hoping you will have
this attended to at once before the
hot-weather sets in. I sincerely hope
to make this my last appeal,

In reply to the enclosed communication I respectfully report as follows: The open lots in question run through from 138th to 139th streets, just above the school. The school boys are of course mischievous and running across these lots have doubtless annoyed Mr. Christie. I have had an interview with Mr. Christie and he thinks that all annoyances would cease were the lots fenced in, and he is entirely satisfied with the steps that are being taken to have this accomplished. The matter is now in the hands of Alderman School, who is endeavoring to obtain the necessary authority to enable Commissioner Haffen to fence in the lots at the expense of the owners.

Dear Sir

I have watched with

reforms you have
tried to make since

and I want to ask
for one more.

Is there no possible
way that the nuisance
of men screaming in

the streets then different
ways can be stopped.

From the early war
whips of the milk man
to the flower, rag, and
bottle men to the
funny men, the side

a perfect pandemonium.

I have been in
many cities in this

In reply to the enclosed communication to His Honor, the Mayor, signed Bethany Presbyterian Church, complaining of violations of the Excise law in this precinct, particularly on Willis avenue and at Schraders, 143d street and Third avenue, I respectfully report as follows:

The Excise law so far as lies in my power as a mortal man is faithfully and vigilantly enforced in this precinct. The record of the past sixteen months shows that I have made 450 arrests for violation of the Excise law, a very large number when it is considered that lately it is next to impossible to make such arrests for the reason that most of the saloons are tightly closed on Sundays and those that are open admit only their best known customers. Willis avenue and Schrader's have received special attention at my hands. As the letter of complaint itself states, there have been over 20 arrests at Schrader's in the past six months. On Willis avenue the Excise law is as well observed and as rigidly enforced as any law on the statute books. Last Sunday I detailed ten men in plain clothes on Willis avenue, yet they were unable to detect a single violation of the law. As this avenue was so particularly complained of, and the communication was signed Bethany Presbyterian Church, I showed the complaint to Mr. A. W. Abbott, Secretary of the City Vigilance League, who is a teacher in Bethany Presbyterian Church Sunday school, and who resides on Willis avenue. He was very indignant at it, and authorized me to use his responsible name in contradiction of the statements in the enclosed communication, anonymous as it is, and in testimony of the vigilance and efficiency that have marked the enforcement of the Excise law in this precinct, and particularly on Willis avenue.

Respectfully,

Timothy J. Creeden,
Captain 33d precinct.

June 16th 1895

To
His Honor Mayor Strong
New York.

Sir,

I respectfully beg to be informed if it is in accordance with City Ordinances, that boys are allowed to set off fire-crackers and ^{to} fire pistols on Madison Avenue, not only morning noon and night on week-days but on Sundays,

At the present writing, a brisk
fusillade is in progress. Now
it strikes me that people who
dwell on Madison Avenue with
a view to quiet, should have
immunity from a nuisance
of this kind. It is intolerable
to nervous people, and it is
cruel to the sick and suffering.
The Police-men will probably
say there is but little firing;
but they are so inured to noise,
and have so much on their

minds that they are practically
deaf - ~~moreover~~ they cannot
be ubiquitous. I think, however,
a little zeal in warning both
men & boys carrying pistols, and
using other noise-making articles,
that they ^{are} committing an offense
against police ordinances, would
prevent many a runaway acci-
dent (for I have seen horses
terribly frightened at these sud-
den explosions) and would
save many a young citizen
from mutilation or loss of sight.

misdirected patriotism.

Now is the time to preach the
Crusade against fire-crackers
and pistols on the streets. If
people are fond of that senseless
diversion, let them enjoy it in the
bosom of their families, and in
privy council, with closed doors. But
I suppose the ^{fire} Insurance companies
would object; and besides half of
the fun consists in making one's self
obnoxious. So really I see nothing
for it but to have the Police en-
force the law.

Being well convinced that your
chief object is to better the condition
of this city and its inhabitants, I have
taken the liberty to address you on this subject

REPORT FROM BOARD OF HEALTH UNDER DATE OF JUNE 18: (Copy):

It appears from reports this day received that the Second Avenue Railroad Company has removed its horses from the corner of 2d ave. and 28th street to East 29th street, between First and Second avenues. With this is a communication from W. G. Marschall, 143 Liberty street, owner of the premises 301--303 E. 29th st., complaining of the nuisance caused by these horses in their present location. It is the opinion of the Board of Health that the Second Avenue Railroad Company should hire proper stables for the accommodation of horses at the places where they are **chugged** in hot weather, and that the occupation of the street as a stable is a violation of Corporation Ordinance, Section 33, of Chapter 6, Page 64.
