Coroner's office  
Dear Sir,

At your request  
I write you a statement of the case  
of Stephano Epoto.

My first & only visit to him  
was on the evening of the 16<sup>th</sup>  
of May, he said he had been  
kicked on the abdomen  
the Sunday previously &  
complained of pain in the  
right lumbar & inguinal regions,  
this pain was increased  
on taking a deep inspiration,  
his temperature was 102° -  
On External palpation a slight

tumefaction in the right  
inguinal region was revealed.

I diagnosed the case  
as one of Peritonitis, directed  
2 leeches to be applied over  
the painful part & gave a  
prescription containing Opium.  
told his father that he should  
be seen soon again.

~~Sunday~~

I heard nothing more of the  
case until Wednesday  
morning when a Certificate  
of death was applied for.  
I informed them that it  
was a Coroners Case.

Very Respectfully Yours
