17 Kress Ave. New Rochelle N.Y.

I was at the Audubon ballroom on February 21, 1965 and seated in booth ~~the~~ on the left side of the ballroom facing the stage. I heard a commotion as Malcolm X started to speak one man saying to another "Get your hands out of pockets". Then I heard a group of shots and saw a lot of smoke. I heard more shots and from the front where the smoke was I saw a group of people running up the center aisle getting out of the ballroom, five or six. I did not see the faces of the people running out, nor did I see anyone with a gun.
