Continued Sept. 2

Dr. G. Bettini de Moise being examined by Mr. Cook, as a witness for the people, deposes and says: -  
I am a practicing physician: my office is at 5 University Place. I recollect being called upon on Aug. 27 to examine this child, the complainant. I examined her.

I found her drawers very dirty with yellow matter: very full: she told me that she had very much burning sensation in her private parts. I put her in my chair. I opened the labia and I found the parts very red, and very much inflamed, and all covered with this matter - pus. I looked to see whether she was ruptured but I found the hymen intact.

2 What in your opinion was the cause of her symptoms?

A - I know that she had some relation with a man and I am of the opinion that her disease was gonorrhoea.

2 From your examination it is your judgement that she was suffering at that time from the symptoms of gonorrhoea?

A Yes Sir.

Cross Examined by Mr. Racey

Q This examination was on Aug 27?

A Yes Sir. In the night.

Q How many days does it take for gonorrhoea to develop?

A Five to nine days.

Q It is a rare thing for gonorrhoea to take over two weeks.

A Yes.

Q Do you know the disease vaginitis?

A I do.

Q Is it not rather difficult to tell the difference between vaginitis and gonorrhoea?

A The symptoms are similar.

Q Very frequently?

A Yes. It is a kind of disease that sometimes happens to children. It is caused by some worms that are found in the rectum, and get into the vagina - that is the opinion of medical authorities - of Professor Sturtevant.

Q Are you familiar with Tanner's theory, between of the distinction between Leucorrhoea, Gonorrhoea and Vaginitis?

A Yes.

Q Tanner is considered an authority?

A Yes.

Q Is it not a fact that it is very difficult to tell the distinction between these three diseases?

A It is a fact.

Q You say that the hymen of this child was not ruptured?

A - No indications of rupture.

Q - Can you swear that there had been no penetration there?

A Penetration of the penis was not possible except that it might have entered the vagina for a short distance up to the hymen although not sufficiently far to break the hymen.

Re-direct by Mr Cook

Q - Is it possible for this disease to be communicated to a female without penetration?

A Yes Sir - There might be a communication of the disease with only a penetration of the lips of the vagina, but, there could not be disease without contact

Re cross by Mr Racey

Q - You do not swear positively that this girl had gonorrhoea?

A I believe it is gonorrhea.

Q You do not swear or?

A That is my opinion - my diagnosis - I state what is true

Q Did the parents say when they came to you at what time they first noticed this on the child?

A - They said they noticed it upon the day before. The father said "Yesterday my wife discovered this thing on her" They came to me the next morning.

Q That was on the 27th of August they came to you and on the 26th that they discovered it?

A - Yes Sir.

Q - The girl swears that the assault took place about the 14th, would not the disease develop in less than 12 days?

A - Yes - in four or five days - but, she might have had it ten days without knowing it. Very many people are sick without knowing it.

Q Have you examined the defendant?

A - Yes Sir.

Q - What was the result of your

examination - was there any evidence of gonorrhoea?

A I cannot dispute that he has been sick some time ago.

Q How long ago?

A Three or four weeks, because the urethra presents some scars.

Q Was there evidence of chancre?

A No, Sir.

Q Or any other venereal disease?

A No, Sir, only gonorrhoea.

Q Any cicatrix or scar left?

A Yes, I could not see if there was any matter as he squeezed his penis.

Q What effect would that have?

A If there was matter to prevent my finding it out. If I could have him under my control for two hours I could find out for certain - more certainly than on the brief examination I made. He may have been sick two or three weeks ago.

Q He did not know that you were going to examine him?

A I observed that the moment he took out his penis he squeezed it.

Q What effect would that have?

A To clean the parts.

Q Would you not have seen

evidence of pus. You testify that he may have had gonorrhoea?

A - Possibly he had gonorrhoea two or three weeks ago.

Q You would not swear?

A I will swear he had it about three weeks ago.

Q If he had the gonorrhoea - how long since he was actively affected with it?

A Two weeks.

Q It looks as if he had active gonorrhoea two weeks ago?

A Yes.

Q How can you tell that?

A By the scars

Vincenzo Pessino (the father of the complainant) being examined by Mr. Roney as a witness for the Defence, Alpozer and says: - I live at 322 East 11th street. I have lived there three years.

Q How long do you know the Defendant?

A 44 or 50 days.

Q Did you know him in Italy?

A. No, Sir.

Q. In Naples?

A. I spoke to him three weeks ago. He told me he was a soldier.

Q. Did you live in Naples?

A. Yes.

Q. Did he arrest you there?

A. No Sir.

Q. You never knew him until you came to this country?

A. No, Sir.

Q. Did you not come to this Court three or four weeks ago with your wife to have the defendant arrested, and did you not say he had threatened to take your life?

✓ A. Not this man - another man. And that is as true as what you have stated about his not arresting you in Italy?

A. Yes.

Vincenzo Geraldini the defendant, being duly sworn and examined in his own behalf deposes and says: - I live at 324 East 11th street. I know the ~~Marinetti~~ Complainant.

0399

Q I knew him in Italy, in Naples.  
Q Did you know him to speak to him.

A I arrested him in Naples and he had seven months

Q For what?

A For stealing

Q This little girl says that she came into your room and that you placed your penis in her private parts - tell the judge about that.

A There is no truth in the statements of that kind that have been made here. I can swear to it. This little girl was going around the street with some people and may be she did something wrong with some people - but I do not know anything about it.

Q Have you had the gonorrhoea lately, within a year or two?

A Never.

Q Did this little girl come into your room about 11 a.m., three weeks ago?

A No, Sir.

Q Did she ever come into your room at all?

A No, Sir.
