Hon. William J. Gaynor,

Mayor of the City of New York.

My dear sir:-

Mr. Frederick Bowley called upon me this morning and told me that he is an applicant for the position of Deputy Water Commissioner for the Borough of Queens,, which place he tells me is now vacant. You will recall that shortly after your induction in office I called upon you with reference to the retention of Mr. Bowley in the Tax Department, which at that time you were unable to for him.

I have this to say for Mr. Bowley: I have known him for the last ten years and always found him to be upright and honorable in his dealings with men and in the various public positions which he has filled. He has been in public life in Queens Borough for many, many years and I never yet have heard his honesty or capacity assailed.

I am following with a great deal of interest your progress towards recovery and rejoice with the thousands of
