JANUARY 19, 1895.

HON. W. L. STRONG,

M a y o r :

Dear Sir :

I am in receipt of a communication from your Secretary dated January 18, 1895, enclosing a communication addressed to you by Messrs. Coudert Brothers, in relation to the payment of the awards in the matter of Mulberry Bend Park, and requesting my opinion in regard thereto.

Mulberry Bend Park was acquired by the City under the authority of chapter 320 of the Laws of 1887, commonly known as the "Small Parks Act". Section 10 of this act provides that "no more than the sum of one million "of dollars shall be expended or authorized to be expended in any one year under the provisions of this act".

Chapter 526 of the Laws of 1893 directed the cancellation of "such assessments as have been or may be hereafter made for the making and laying out of the Park "known as 'Mulberry Bend Park' in the city of New York, "and for the cost of property taken and used for said "purpose". The effect of this act was to throw the whole cost of the acquisition of this park upon the City.

On July 19, 1894, the report of the Commissioners of Estimate and Assessment was confirmed by the Supreme Court and provided for the the payment of awards, which with the costs as taxed, amounted in the aggregate to \$ 1,522,055.60.

On August 1, 1894, I addressed a communication to the Counsel to the Corporation, setting forth the facts, calling his attention to the provisions of Section 10 of the "Small Parks Act", above quoted, and requesting to be advised whether there was any way in which legal payment of said awards and costs might be made.

On December 6, 1894 I received a reply from the Counsel to the Corporation who sums up his opinion as follows :

"As under the present law the amount to be raised by you from the issue of bonds cannot exceed in any one year the sum of \$ 1,000,000, and as the entire expense of the acquirement of this park is payable in a single year and exceeds \$ 1,000,000, I cannot advise you that there is any authority of law to warrant the Comptroller in issuing bonds during the current year for the whole amount of the cost and awards, nor do I know of any way in which you can provide for the payment of the whole of the aforesaid amount during this current year."

From this statement it appears that under the law as it stands today I am without power to provide for the payment of these awards, and the unfortunate situation is presented of the City being in possession of land legally acquired by condemnation proceedings, but against the payment for which by the Comptroller there exists a positive statutory inhibition.

This condition of affairs appeals to me as one greatly to be deplored and which imperatively demands

remedial legislation.

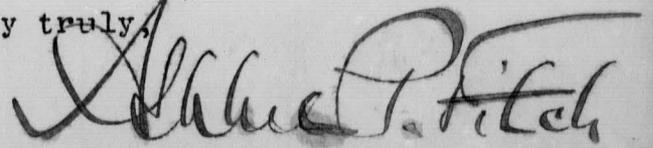

In this connection I may add that I have been assured by a number of gentlemen interested in this matter, prominent among them, the Hon. Seth Low, that the attention of the Legislature is to be directed to this question at an early date.

One of the most embarrassing features of this unfortunate affair, is the position in which the City has been placed as landlord of the premises thus acquired. The buildings included in the property condemned are among the most undesirable species of tenement house property in the City.

In order properly to perform the duties of my office as prescribed by law and ordinance, and to prevent a waste of the city's revenues, I have been compelled to continue the leasing of these premises, under the best terms possible under the circumstances, in spite of the fact that the property was acquired for the purposes of a public park, and not for purposes of revenue. The result has been full of embarrassment to my Department and disappointing even from the standpoint of financial return. I sincerely hope for the speedy termination of these difficulties and will gladly join to the best of my ability in securing their amelioration.

Believe me, with great respect,

Yours very truly,

Comptroller.

I find by reference to the minutes of the Armory Board, that this bill was approved by said Board on December 18th, 1894, and ordered to be referred to the Commissioners of the Sinking Fund for their concurrence and approval, pursuant to law. The matter was then duly presented to the Commissioners of the Sinking Fund at their meeting held January 11th, 1895, and in accordance with the usual practice in such cases, referred to the Comptroller for examination and report. The matter is now in my hands for this purpose, and in all probability will be reported to the Commissioners of the Sinking Fund at their next meeting.

HON. WILLIAM L. STRONG,

M a y o r :

Dear Sir :

I am in receipt of a communication from your Secretary, dated February 6th, 1895, transmitting a communication addressed to you by Mr. Clemens Herschel, dated January 24, 1895.

Mr. Herschel complains of the condition of the sidewalks adjoining Washington Market, caused in part by the occupancy thereof by marketmen holding permits for stands from the Bureau of Markets.

I will give this matter my careful consideration with a view of obviating the difficulties of the case and putting an end to the conditions described in Mr. Herschel's letter. I have long been of the opinion that this occupancy of the city streets by the stand-holders of Washington Market is a matter of doubtful legality and questionable propriety, but as the practice is one of very old standing, and as the city has received a large amount of revenue therefrom, and in view of the fact that the sudden and unexpected revocation of the licenses of these marketmen would entail con-

siderable hardship and injustice, I have been loathe to take any official action in the premises, except after the fullest consideration, and with a well defined plan in mind for finding space in other market quarters for the marketmen whose licenses would have to be revoked.

Very respectfully,

Comptroller.

HON. WILLIAM L. STRONG,

Mayor,

My dear Sir;-

I beg leave to enclose to you a communication received by me from Mr. David M. Morrison, the President of the Washington Trust Company. Mr. Morrison is of the opinion that there should be some action by the Legislature making all outstanding City Bonds payable in gold, as he thinks that otherwise a distinction will arise between them, which will not be advantageous to the institutions which now hold City Bonds.

I would be glad, at some time entirely convenient for you, to be informed of your views in regard to this, as I am sure that your long experience in the banking business and your personal acquaintance with the gentlemen at the head of the different institutions where our bonds are held, will enable you to reach the safest conclusion in the matter. HON. WILLIAM L. STRONG,

Mayor,

Dear Sir;-

I am in receipt of a communication from your Secretary dated March 2d, 1895, transmitting a letter addressed to you by Mr. Wm. H. Raynor, and requesting me to advise you what if anything can be done regarding the request therein contained.

Mr. Raynor refers to the two per cent. tax on foreign insurance companies, which has been for some years donated to the widows and orphans of the volunteers in the old Fire Department, and requests an expression of your views in regard to the matter.

This tax is a State tax. It seems to me that the question of what shall be done with the proceeds thereof, is one which appeals entirely to the discretion of our legislators. I do not understand that the City's finances will be directly affected by the proposed legislation. I have no hesitancy in stating that my own judgment is decidedly against the diversion of moneys raised by

taxation, for any private purpose whatsoever, but that in so far as the question may depend upon whether such money is to be given to a private benevolent association, or to the Pension Fund of a regularly constituted municipal Department, my preference would be for the latter, as the choice of two evils, since to some extent the pension fund of our Fire Department may be regarded as a public benefit, increasing as it does, the desirability of employment in the uniformed force of that Department.

Respectfully yours,

Dear Sir :

It is my desire to begin within the next two weeks an investigation of the various charitable and eleemosynary institutions receiving moneys from the City. This will necessitate a visitation of the buildings connected with each institution, and work of a very careful and skillful character.

In view of the fact that I have at my disposal for this purpose only one official, the Examiner of Institutions, it has occurred to me to ask you whether it would not be well if one of the skilled accountants and experts connected with the Office of the Commissioners of Accounts could be detailed by you to co-operate with the Examiner of this Department, in making the desired investigation.

In view of the millions expended annually by the City for charitable and eleemosynary purposes, it seems to me of very much importance that an investigation such as I have suggested should be made at the earliest practicable day, and should be as thorough as possible. It

will probably occupy six weeks for the two men to make  
the investigation.

Dear Sir.

I have received a communication from your Secretary, dated August 12, enclosing a copy of a letter from L. B. Miller, of Bradyville, Tennessee, dated August 10, 1895, and requesting information in regard to the present status of the case therein referred to.

Your correspondent refers to a claim of the heirs of Robert Edwards, deceased, against the city of New York, in which it is alleged that the city has offered a compromise of one and a half million dollars.

I know of no such suit or claim pending against the city.

Very truly yours,

Deputy Comptroller.

S i r :

In accordance with a resolution of the Common Council, approved by the Mayor on the 5th day of August, 1895, giving consent to the Peoples Traction Company of the City of New York, the right to construct, maintain and operate upon the conditions therein set forth a street surface railway through and along certain streets, avenues, etc. in the city of New York, the said Company has made application to this Department that such action may be taken as is required by the Railroad Law for the sale of the said franchise at Public Auction.

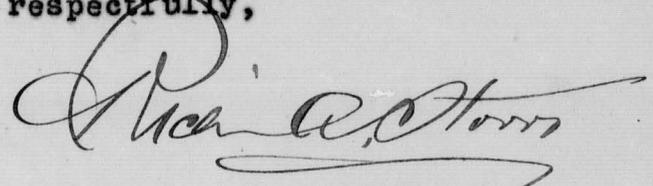

The matter was referred to the Counsel to the Corporation on August 12, 1895, and he has prepared the form of an advertisement for the sale of said franchise, and endorsed his approval thereon.

Under the provisions of section 93 of chapter 434 of the Laws of 1893, the notice of time and place, and terms of sale etc. must be published three times a week for at least three successive weeks in two daily newspapers to be designated by the Mayor.

I transmit herewith the form of designation and

respectfully request that you, will designate the newspapers in which the advertisement for the sale of the said franchise shall be published.

Very respectfully,

Deputy Comptroller.

Hon. William L. Strong,

Mayor,

My dear Mr. Strong:

I have issued the following direction, and will inform you of the result:

"Mr. O'Brien, of the Markets, will please detail a competent man, familiar with the collections in markets, to visit the alleged market on Ninth Avenue and 38th to 42nd Street, next Saturday, between 1 P. M. and 12 o'clock midnight, who is to inquire of every peddler and owner of wagons what, if anything, he pays for the privilege of selling and to whom he pays it. If he finds any person there collecting these moneys, he is to demand to see his authority and get his name and address."

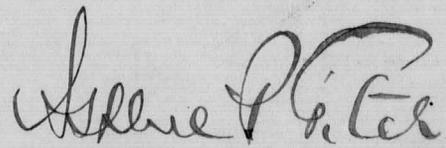

Sincerely yours,

Comptroller.
