THE CITY OF NEW YORK
OFFICE OF THE
PRESIDENT OF THE BOROUGH OF QUEENS

MAURICE E. CONNOLLY
SAMUEL BROCK PRESIDENT
J. [REDACTED] SECRETARY

LONG ISLAND CITY, September 12, 1913 191

Hon. Ardolph L. Kline, Mayor,
Chairman, Board of Estimate and Apportionment,
City of New York.

S i r :-

Pursuant to the provisions of Section 237 of the
Greater New York Charter, application is hereby made for a
transfer of funds within the appropriation allotted to this
Department for the year 1913, to wit:-

FROM

Purchase of Equipment:-
Motorless Vehicles and Equipment--
Street Cleaning:-
3189 Sweeping and Cleaning.....\$250.00

TO

Contract or Open Order Service:-
General Repairs:-
Street Cleaning:-
3234 Final Disposition.....\$250.00

The above amount of money is needed to make necessary
repairs to the Aqueduct Crematory, and I would, therefore, request
that your Honorable Board give this matter favorable consideration,
for the reason that the Bureau of Street Cleaning will be unable
to use this crematory until the repairs are completed.

Yours truly,

Maurice E. Connolly
President of the Borough of Queens.

New York City.

My dear Sir:-

Your very kind letter of the 10th inst. inquiring whether we would like to have our Chief Engineer appointed as one of the delegates to the Third American Road Congress was received but I regret to say that in view of the fact that this Fall all of our engineers are extremely ^{busy} in closing up and completing our highway work, it will be impossible for us to spare the services of any of them.

I thank you most cordially for your kind invitation and the same is greatly appreciated.

Yours very truly,

Maurice E. Connolly
President of the Borough of Queens.

This sum is needed in order to make repairs to the furnace of our Aqueduct Crematory, this being in addition to the \$250.00 previously requested on September 12, 1913.

An estimate has been received for the work that is necessary to be done in this Crematory, said estimate and bid amounting to the sum of \$500.00.

I would therefore request that your Honorable Board grant the transfer of funds requested, for the reason that the Bureau of Street Cleaning is very badly handicapped by the breaking down of the furnace in question.

Elmer W. Firth, Engineer in Charge of Maintenance in the Bureau of Sewers, this Department. Mr. Firth has been in charge of all maintenance, including all the Disposal Plants. He is a most efficient and capable employee, and in view of the character of the work that he is, and has been, performing for the good of the service, I deem him especially entitled to this small increase.

In the matter of the change of salary of Transitman from \$1,500.00 to \$1,650.00, I desire to state that this is to provide for an increase in the salary of Mr. John W. Greenwood, Transitman. Mr. Greenwood has been in the employ of this Department since December 15, 1904, and in the year 1909 his salary was increased to \$1500.00,

This revision as requested to be effective as of September 1, 1913.

In re temporary approaches to bridge erected by the Long Island Railroad Company under an Order of the Public Service Commission, for the temporary elimination of the THOMSON AVENUE Grade Crossing of the Long Island Railroad tracks near Winfield, Borough of Queens.

Honorable Ardolph L. Kline,
Mayor and Chairman,
Board of Estimate and Apportionment.

S I R:-

The approaches to the above described structure over the Long Island Railroad tracks have been built with grades of eight per cent (8%). This was done under specific orders of the Public Service Commission but against my advice and protest. Such grades are perhaps not too steep for ordinary automobile traffic but are excessive for horse drawn vehicles and heavy automobile trucks.

This bridge has been in use only three weeks but already several accidents have occurred on the approaches thereto which, though not serious in themselves, indicate clearly dangerous possibilities.

This condition could be improved by reconstructing the said approaches and increasing their length so as to obtain lighter gradients, adding considerably to the cost.

An alternative measure would be to grade and pave a detour by way of Hicks Avenue to the adjacent grade crossing at Laurel Hill Boulevard by which traffic unsuitable to pass over the steep grades of the bridge might conveniently be diverted from Thomson Avenue. This has been tentatively proposed to the Long Island Railroad Company who have replied that they are unwilling to contribute in any way towards the temporary grading and paving of such a diversion.

Maurice E. Connolly,
President.

Foster Crowell,
Consulting Engineer.

The City of New York.
President of the Borough of Queens.

Office of

Long Island City

Oct. 7-13

A. L. K. -----2-----

There are now no available City funds for such purpose.
The Long Island Railroad Company has erected the bridge at its own expense but in the event of accidents to traffic passing over it the City might be held liable.

It is urgently necessary to relieve the present serious condition in some manner as above suggested or else by the entire removal of the structure forthwith.

I accordingly recommend that a special committee of this Board be appointed with authority to take this matter up with the Public Service Commission and the Long Island Railroad Company and report upon a plan of relief.

Respectfully submitted.

This revision provides for the increase of wages of the Steam Roller Engineers from \$4.50 per diem to \$4.75 per diem, in accordance with the resolution of the Board of Estimate and Apportionment. Said increase to be effective as of April 15, 1913.

This revision also provides for the transfer of funds from the line of laborers at \$3.00 per day to the line of FOREMEN at \$4.00 per day, in order to enable this Department to continue the employment of the supervisory staff of the Bureau of Highways for about one month longer.

SECRETARY PC/GL

Long Island City,

October 22, 1913

Honorable Ardolph L. Kline,

Mayor of the City of New York.

Dear Sir:-

On the 27th day of June, 1913, JOHN T. BURNS, #60 Henry Street, Corona, Borough of Queens, a Laborer assigned to one of the gangs under the supervision of Francis X. Kestler, a Foreman in Charge of the Maintenance Division of the Bureau of Sewers in the Fifth Ward, Borough of Queens, while at work in an excavation on Central Avenue, Far Rockaway, Borough of Queens, met with an accident which resulted in the dislocation of his right knee and also received other injuries to his body which required his removal to St. Joseph's Hospital at that place where he was confined until August 2nd. last.

The above facts are attested to by a report of the said Francis X. Kestler and the certificate of Dr. A. S. Tepper, House Surgeon of said Hospital, copies of which are herewith enclosed.

As a result of his injuries, he has been invalided and unable to perform manual labor and as his family is dependent upon him for support and in view of the fact that he is an old and valuable employee, I would recommend that his regular wages, during his incapacity be paid him and would request the Board for a certificate of approval of the same as provided in Section 1568 of the Charter of the City of New York. I have already granted to this man a thirty days leave of absence, with pay, from June 27, 1913, but I am unable, under the law to make a further grant of a leave of absence.

Respectfully,

Maurice E. Connolly
President of the Borough of Queens.

Hon. John R. Higgins,
Superintendent of Sewers.

Dear Sir:

On June 27th, at 5.05 P.M., word was sent to me by Charles Hause, Laborer, that JOHN T. BURNS, also Laborer, had been buried in the trench while excavating on Central Avenue, in front of the Court House.

I immediately hurried to the scene of the accident, and found that BURNS had been removed to St. Joseph's Hospital, suffering from a dislocation of the right knee, and contusions of the back.

I notified Mrs. Burns of the accident, and also, informed Mr. Firth.

Yours very truly,

Pursuant to the provisions of Section 237 of the
Greater New York Charter, application is hereby made for the,
transfer of funds allotted to the Office of the President of the
Borough of Queens for the year 1913, as follows:-

FROM

Supplies:-
Care of Public Buildings and Offices--
Heat, Light and Power:-
3156 Baths and Comfort Stations.....\$500.00

TO

Supplies:-
Food Supplies--
Care of Sewers and Sewage--
3151 Disposal of Sewage.....\$500.00

The above transfer of \$500.00 is to be applied for the
purchase of coal necessary in the operation of the Newtown and Far
Rockaway Disposal Plants.

I also beg to call your attention to the fact that a
greater amount of sewage has been treated in these plants than was
anticipated, due to which fact the quantity of coal consumed thus
far this year has been greatly in excess of that of the past two
years.

I would, therefore, request that this application be
given favorable consideration, for the reason that the funds will
be exhausted within a few days, in which case it will be impossible
to operate the plants without a sufficient supply of coal.

Application is hereby made for a modification of the
schedule lines supporting the Budget for the year 1913, as
follows:-

PRESENT SCHEDULE

Care of Sewers and Sewage--
Engineering and Inspection--
3144TS Tax Levy and Special and Trust Fund
Allowance--
Inspector of Sewer Construction
at \$4 per diem (7,094 days).....\$28,376.00
Laborers at \$3 per diem (1,517 days)..... 4,551.00
Laborers at \$2.50 per diem (240 days)..... 600.00
Schedule Total.....\$33,527.00
Tax Levy.....\$750.00
Special and Trust Fund Allowance..... 32,777.00
Total Allowance.....\$33,527.00

PROPOSED SCHEDULE

Care of Sewers and Sewage--
Engineering and Inspection--
3144TS Tax Levy and Special and Trust Fund
Allowance--
Inspector of Sewer Construction
at \$4 per diem (7,094 days).....\$28,376.00
Laborers at \$3 per diem (1,615 days)..... 4,845.00
Laborers at \$2.50 per diem (240 days)..... 600.00
Schedule Total.....\$33,821.00
Tax Levy Allowance.....\$750.00
Special and Trust Fund Allowance.....\$33,071.00
Schedule total.....\$33,821.00

In explanation of the above request, I wish to state
that ninety-eight (98) days have been added to the line, Laborers,
at \$3 per diem, to provide for the employment of the six laborers
now employed in the Bureau of Sewers until the end of the year.

The present schedule contemplated the employment of but
five Laborers at this rate, but owing to the vast amount of con-
struction work and the establishment of field offices in the sever-
al parts of the Borough, it has been found necessary to employ
one extra Laborer.

This revision involves no additional charge against the
Tax Levy Allowance, but is entirely chargeable to street improve-
ment funds.

Yours very truly,

Joseph Flanagan
Commissioner of Public Works and
Acting President of the Borough of Queens.

Long Island City, Dec. 20, 1913. 191

Mr. Julian Beaty, Secretary,
Office of the Mayor,
City of New York.

Dear Sir:

In response to your letter of recent date, informing me that his Honor, the Mayor, received my communication of date October 22, 1913, requesting his consent to a leave of absence with pay pursuant to Section 1568 of The Greater New York Charter, for JOHN T. BURNS, Laborer in the Bureau of Sewers, this Department, who was injured while in the performance of his duties, and asks to be further advised as to the duration of said leave of absence, I desire to inform his Honor, that as a result of his injuries, the said BURNS, was unable to perform his usual duties from the date of the accident on June 27th to November 30, 1913, inclusive, having been under the constant care of Dr. C. W. Brunner, during his incapacity, excepting the period from June 27th to August 2nd, 1913, while he was confined in St. Joseph's Hospital at Far Rockaway, L.I.

As stated in my previous communication, I granted him a leave of absence with pay for thirty (30) days from June 27th, and for the reasons ascribed therein, would request that his Honor, the Mayor, give his consent in the form of a certificate to a further leave of absence with pay for the said BURNS, covering the balance of the period of his incapacitation from August 6th to November 29th, 1913, inclusive, as provided for in Section 1568 of The Charter as aforesaid.

The facts of the case are certified to, by a report from his Superior, John R. Higgins, Superintendent of Sewers, and the certificate of Dr. C. W. Brunner, on file in this office, copies of which I transmit herewith.

Respectfully,

Joseph J. Lavogian
Acting President of the Borough of Queens.

LONG ISLAND CITY, N. Y. December 1st, 1913.

Honorable Joseph Flanagan,

Commissioner of Public Works,

Borough of Queens.

Dear Sir:-

I return herewith letters from Honorable William A. Prendergast, Comptroller, and Honorable Julian Beaty, Secretary to the Mayor, relative to your request of October 22nd for a leave of absence with pay for John T. Burns, laborer in this Bureau, who was injured in the performance of his duty on June 27th, 1913.

Agreeable with the suggestion made in both of these letters, I am forwarding herewith certificate in duplicate signed by C. W. Bruner, M. D., which testifies that he had been in attendance on the said Burns from the time of his discharge from the hospital to the date of the said certificate, November 29th, and now declares him able to resume light work.

I, therefore, desire to recommend that the application be modified so that the request may cover a leave of absence from August 6th to November 29th, inclusive, a total of 89 days.

In connection with this matter I desire to state that I saw Mr. Burns personally and can testify that his injury was quite serious and resulted in his being confined for a considerable length of time to his bed, and up to the last week he could not get around without the aid of crutches.

I may also state that he has been a very faithful employee and is deserving of every consideration. Inasmuch as he is the bread-winner of a family which is now without means of support, will you be good enough to give this matter your immediate attention.

Respectfully yours,

Superintendent.

Hon. Ardolph L. Kline, Mayor,
Chairman, Board of Estimate and Apportionment,
City of New York.

S i r :-

On June 5th, 1913, your Honorable Board adopted the
following resolution:

BOARD OF ESTIMATE AND APPORTIONMENT
CITY OF NEW YORK

RESOLVED, That the Board of Estimate and Apportionment
hereby approves of the schedule for temporary employees to be paid
entirely from special and trust funds in the office of the Presi-
dent of the Borough of Queens for the year 1913, as follows:

Personal Service, Salaries, Temporary Employees,	
Care of Sewers and Sewage	
3123½	Engineering and Inspection, Special and Trust Fund Force--
	Draftsman, at \$1500 (48 months).....\$6,000.00
	Typewriting Copyist, at \$900 (6 months)..... 450.00
	<u>\$6,450.00</u>
	Special and Trust Fund Allowance.....\$6,450.00

A true copy of resolution adopted by the
Board of Estimate and Apportionment, June 5, 1913
(Sgd) WILLIAM M. LAWRENCE,
Assistant Secretary.

Owing to the immense amount of work on hand at that time
the force provided for was immediately employed, with the result
that at this time we are 3/4 of a month short for draughtsmen and
1/4 of a month short for the typewriting-copyist. This additional
time is necessary to carry the full force employed until the end
of the year, as beginning with January 1st, 1914, provision has
been made in the Budget for their continuation.

Application is hereby made for a modification of the
above schedule Line 3123½, to read as follows:-
