Hon. W. L. Strong,

Mayor of New York City.

Dear Sir:-

On behalf of a large number of Temperance men and Prohibitionists who supported you for Mayor on a "Reform" ticket, I beg to enter most emphatic protest against any efforts looking for the Sunday opening of Saloons. The Christian people of this State and City believe in the Fourth Commandment, and no majority of votes by the people can make it right to open the Saloon on the Lord's Day which so degrades and debauches the people. If you have not heard the rising indignation of the people as yet, you will "know more" about it before the matter is settled. As well submit the Sixth and Seventh Commandment to the vote of the people as the Fourth.

Yours very truly,

J. N. Stearns

Mayor-elect Strong,

Dear sir:—

Is it possible
that you will favor the legal-
izing of liquor selling on the
Sabbath day?

Have you no respect for
the law of God? To what
purpose was the overthrow
of Samu'el? The curse
of God will rest on you
and your city if you yield
to the hellish demands of
the godless liquor dealers.

Your name ought to
and will go down to all

generations covered
with infamy and shame.

A wicked proposition
was seldom or never
made that to legalize the
liquor traffic on Sabbath.
It is abominable any day.

No man who loves God
or man will favor it.

If you (weakly) made
promises to that effect
before election, repent and
do right.

It is of no use for you to
offer "reasons" &c. Everybody
will know that you stand in
with the enemies of God and
of good order.

Ex. 18: 21; Ps. 12: 8; Prov. 29: 2.

Oh, do not disappoint the whole
Christian element of the land!

Very sincerely,

J. R. Milline.

355 West 30th St.

New York City.

The Hon^{ble} Mayor Strong. Jan. 17th 1895.

Dear Mayor Strong,

In common with a great multitude of your firm friends and supporters, I deeply deplore your late utterances that have emboldened the liquor dealers to openly assert their intention to violate and defy the Law of God and their Country: and trust that your future firm conduct in dealing with such offenders, and enemies of "Law and Order" may shew the intensity of regret you feel for having even unintentionally, it may be, lent your aid to thoughts and action so repugnant to your numerous constituents, and the well being of our beloved country.

I remain, Dear Mayor Strong,

Yours very sincerely

Rev Henry Boggs.

To the
Hon. W. L. Strong
Mayor of the City of New York.
Dear Sir

Reading in the papers of
the movement in favor of
the Sunday opening of the
Saloons, will you kindly
read a few lines from a
friend of the wives & children.
I have been Sunday School
Teacher for a class of over
one-hundred "little ones"
in an East-Side Mission
Church; and know a great

deal of the home lives of these little ones.

On the Saturday-night "wages" of the fathers and the brothers depend the shelter food and clothing of the homes of the working men. These men have kind food impulses and unless too much tempted "gladly give the wages to their families; and Sunday is the one day for the development of all these family affections.

I visit each week in the wards of one of our largest Hospitals; and how often

the poor fellows, who have met with accidents from the effects of liquor will say, with tears, "Oh lady 'tis the drink; if it were not for the drink we poor fellows would be all right."

The ladies of New York have welcomed our new Mayor with Thanksgiving to God, for a man who would help answer their prayers for our beloved City. Will not the prayers of these poor wives and Mothers - "God bless our Mayor" be a benediction upon

your efforts; and may not
the ladies of New York look
to you to help shut off
this new danger to our poor
working-men; the weight
of your influence will be
incalculable; and the
prayers of thousands of our
Christian women are going
up to the Father in Heaven
to make you a blessing
to our city -

Very respectfully -

To The Honorable Mayor of The City of New York -
Dear Sir.

I write in the most respectful manner to
utter a protest against your position on the
Sunday opening of Saloons. I was filled with
amazement when I read of it. I beg you
in the name of God not to Sanction the sale
of "Crime in Solution and Ruin in Buck" on
the Holy Sabbath day - better a thousand
illegal Saloons than one with the Sanction
of the Mayor - I am told you are a
Christian man - May God save you from
this awful mistake of establishing a precedent
that cannot fail to be disastrous in all
time to come.

Dear Sir:- Matter of Mulberry Bend Park.

The report of Commissioners in this matter was confirmed 19 July, 1894, and there was awarded to Mr. & Mrs. Dassori, our clients, whose property was taken, the sum of \$67,750.

By the Statute, upon confirmation of report, title of property vested in the City; and since that time, the City has been receiving the rents, but has not paid interest on mortgages on the property, the principals of which amount to \$33,500. The interest each six months amounts to \$820.; our clients have paid on one interest day since, and on March 1 there will be \$350. more to be paid.

The City pays no insurance, and our clients have been obliged to pay that also. We have twice made written demands upon the Comptroller for the payment of this money, but the same has not been paid; and we understand that no bonds have been issued, or anything done, towards closing up the matter.

May we ask that you place this matter before the proper authorities, so that our clients may be paid.

Yours very truly,

Mr. Wm L. Strong,
Dear Sir:

In your instructions to your man, shal in regards to granting snow plough permits to Railroad Companies, do not forget to have the same conditions made, with the New York Central & Hudson River Railroad Co., when they ask for a permit to use snow ploughs through West, Canal & Hudson Streets, as they block these particular streets more than any other road running through N. Y. City, and furthermore annoy the public with clanging of bells all hours of the night in this vicinity of Canal, & Hudson Sts.

Hon. Wm. L. Strong,

Mayor of The City of New York:-

My dear Sir,

At the last regular monthly meeting of the Board of Trustees of The City Club of New York, held the 14th instant, the following preamble and resolution were passed:-

Whereas, the articles of incorporation of The City Club of New York declare the purpose of the Club to be to promote honest, efficient and independent government of the City of New York, and

Whereas, the recent success of the non-partisan ticket has greatly advanced the purpose of the City Club; and

Whereas, Mayor Strong has shown his devotion to sound principles of city government, now, therefore, be it

Resolved, that it is the belief of the City Club of New York that only by the strict application of the merit system of appointment and promotion can sound municipal government be permanently established; and that the cause of good government in the City of New York demands the immediate application of the Civil Service rules to all subordinate offices that can be brought within the law and the adopting of the system of registration of laborers.

I beg to assure you that the City Club is fully aware of the great importance of the strictest possible application of the merit system to the Civil Service of the City, and that the Club is desirous to do anything in its power to aid you in your efforts to extend and improve the application of that system.

Tekulsky for a saloon-keeper's license for the premises Number 428 West 17th Street, New York City; that deponent on or about November 17th, 1894, and November 25th, 1894, filed on behalf of many property owners and tax payers residing near the aforesaid premises, petitions protesting against the granting of a license applied for as aforesaid; that deponent was informed by a clerk of the said Board that said property owners would be granted a hearing on the said application; that such a hearing was never granted to said tax payers or to deponent, their attorney; that as deponent is informed and believes a license, Number 3909, for the purposes and premises aforesaid was granted on December 3rd, 1894, by the aforesaid Board to the said John S. to alter the said premises as to admit of a public en-

STAY GRANTED FOR STEPHENSON.

A stay pending appeal in the case of ex-Police Captain John T. Stephenson, who is under sentence for having accepted bribes, was granted yesterday by Judge Gaynor, of the Supreme Court, Brooklyn. The stay is in the form of a certificate of reasonable doubt.

After reviewing the question of a reasonable doubt at length and its application in the case, Judge Gaynor says in conclusion:—

The defendant, a captain of police, was convicted of receiving two baskets of peaches for refraining from doing his official duty. It is therefore wholesome that I should not altogether ignore the statements that others who are his superiors are without prospect of punishment or reprobation, though they stand accused, or, indeed, confessed, of having received large sums of money, even hundreds of thousands of dollars, as gifts from individuals for having performed official duty, or for the way in which it was performed. If there be any distinction between receiving private gifts for doing official duty, or for not doing it, by any public officer, whether Governor, judge or police official, the moral sense of civilization has never perceived, much less tolerated it.

An application to have Stephenson released on bail was then made, and during the afternoon Assistant District Attorney Lindsay received an order from Judge Gaynor directing him to appear at ten o'clock to-morrow morning and show cause why the ex-Captain should not be released. Mr. Lindsay will oppose the liberation of the convicted man.

It is felony for a policeman in New York to accept a basket of peaches from a merchant. But it is all right for a policeman to accept hundreds of thousands of dollars from Wall street speculators. For getting a camel through the eye of a needle Byrnes, of the New York police force, is the rarest achievement of the age. To keep him at the head of the force and imprison the poor patrolman for taking a few dollars is worthy the peculiar stripe of republican godliness in that town.

To Hon Mayor.

Please read from the clippings
enclosed. There is meat in them. Burns
should be removed from the position of power
to which you call upon him to perform.

Why Mr Mayor is this man so
much better than all the rest of the men who
have held office in the Police force. If he is
not one of them, then he is certainly incompetent
to hold the position. That is the way it seems
to me. An outsider knowing not one man on the
force. Thirteen years of experience ought
to have produced a man qualified to have
known the corruption as it now appears. And
if not knowing it, then he is incompetent surely.
Mr Mayor Burns is not the right man in the
right place

Yours truly

Dear Sir:

As the Department of Buildings have been very negligent in the enforcement of the laws and ordinances referring to proper construction, alteration and arrangement of new and old buildings, to be used for public uses---hotels, theatres, dance halls, factories, tenements, etc. There are hundreds of these buildings not properly provided with fire escapes, etc., and such a fire as that of the old "Hotel Royal" is likely to occur if some of the hotels should take fire.

As your Honor has to license the theatres, etc., can you not insist on the Building Dept. being particularly careful in their report to you before you issue the license. If you do this, you may save some terrible calamity, besides forcing the Dept. to carry out the proper laws for the safety of the public.

Respectfully,

Dear Sir:

I hereby notify you that the houses numbered *117 & 119* West *29th* Street are known, and have been known for several years, as houses of prostitution of the lowest type. Their doors are open for anyone who has money to spend. The sale of wines is also carried on without license.

Will you kindly take action as the state of affairs after bed-time is most disgraceful. The house numbered *119* West *29th* St. is known all over town as Mrs. *Brown's* bed-house, still the business flourishes--no police interference there. She claims to have a "pull" and it certainly looks like it. The same may be said of number *117* West *29th* Street, run by Miss *Stethin Lakes*. She also has been running for five years. Certainly it is about time that some action be taken at once. I appeal to you to put a stop to the business.

Very respectfully,

No 174 Grand St New York Jan 18th 95
Mayor Strong Honored Dear Sir
as a citizen. I take the liberty to address
you. I have been a close reader of the
papers and have noted much opposition
to opening saloons on Sunday from
Christian and church people, and would
collect and send you church membership
statistics if I had time the object being
to show that they are for in the minority
in New York City. In opening the saloons
on Sunday the Priests & Ministers
are not deprived of earning their
living but are placed on equal
footing with other business that is just
as legitimate as is theirs what they want
is to force all other people to remain
idle on that day and allow them
to work, and if it were possible
make all contribute to their support
they have secured the passage of those
abominable Sunday laws in times
past. which if not soon repealed
will become a dead letter as the
blue laws of Connecticut (of which I am
a native) have. I represent the sentiment
of the common people and the common
people know what they want and

the common people will get what they want, they expect your assistance as they have helped to place you in the high office that you hold, I am a mechanic a working man, the working man don't drink wines except on rare occasions he don't drink other liquors but he dose drink beer it comes to him to drink bottle beer and if we are deprived of the opportunity to buy it on Sunday we will organise and see what we can do then, I voted for you and I prevented two dummies from voting from this number and I will stick by you and the party if you will assist us in getting what we want and what we should be lawfully entitiled too. I trust you will read this before you receive that female committee man's many others feel the same as I do on this but fail to make themselves heard, should you give a hearing later I will provide you with statistics that I will start to get together at once

Hon. Wm. L. Strong Mayor New York City
Dear sir! It is with extreme regret that I was informed, that the famous resort of vice the so called Concert saloon, known as the white Chapel, kept by one named Petersen on 8th ave near 24th str, was granted a music License at your hands.

The property owners and good citizens of the whole neighborhood have fought against this vile resort for several years untill they finally succeeded to get his License revoked. The press was full of it at the time and aided the good people considerable in gaining their point, and now under the auspices of a Reform city government a place like this is granted a new License. Places like these are the downfall and ruination of our young men and women and ought not to exist they also are the means to depreciate the value of Property, while further up Town Property doubled and trebled in value, in this locality it barely

held its own. Can anything be done to
get this Licence revoked and what can
be done to prevent the granting of more
Licences to other such dens in the immediate
vicinity. Would a protest signed by good
reputable citizens have any weight?
I live in W. 24th betw. 7th & 8th Aves for
the last 25 years, and since these concert
Saloons were opened, the neighborhood has
steadily declined, the howling noises at all
hours of the night are sometimes unbearable.
Must we Taxpayers submit to such abuse
what are we going to do about it? and what
is our remedy, when will we reform!

Very truly and respectfully Yours

It is City Clerk Galvin for 1895, and that's as it should be. Mr. Galvin has been a faithful servant and in the selection of a man for the office he holds politics should play no part. It is with much pleasure that THE NEWS, its editor and its entire staff extends congratulations to City Clerk Galvin on his re-election, and all wish him a continuance in office for years to come. Both parties joined in retaining Mr. Galvin for another year, despite the fact that he is a democrat.

Sir:-

I take pleasure, even at this late day, in extending congratulations on the honor conferred upon you in being selected to be the chief executive officer of the greatest Municipality in our beloved country.

I enclose herewith clippings from some of the Boston papers in relation to my own candidacy of the office which I now hold for the fifth consecutive term.

I trust you will pardon my communication, but I have taken the greatest interest in your career, even if you do belong to an opposing political party. I do not know whether you remember the circumstances or not, but at the time when you were a junior partner in the firm of Sutton, Smith & Co., I worked for you as a boy, along in the sixties; in fact, the business training which I had with that excellent firm, I take much pleasure in saying, has been of great service to me in the responsible position which I hold to-day.

With much respect, believe me,

New York, Jan. 18th 1895.

Honorable William L. Strong,

Mayor of the City of New York.

69
My Dear Mr. Mayor:

I take this opportunity of bringing to your attention in connection with the new police justices' bill, now before the Legislature, a subject on which I feel most deeply- being President of the Board of Managers, of the Society for the Reformation of Juvenile Delinquents, on Randall's Island in New York City- an Institution incorporated as far back as eighteen hundred and twenty four, for receiving, from the police and other criminal courts, children of both sexes who may be under the age of sixteen years, and who may have committed offenses against the laws.

The new bill I urge upon you, should, if practicable, contain some such provision as the following:

Section In the City of New York, one of the police justices to be appointed under this act, shall from time to time be designated by the Mayor, before whom exclusively shall be brought all children under the age of sixteen years who shall be arrested in the City of New York. The designation, in this section provided for, shall continue only under the pleasure of the said Mayor.

It insures, among other things, the following:

1- A uniformity in the treatment of offenses committed by those of tender years, and not different punishment for the same offenses administered by different minds.

2- A knowledge of childrens' offenses in general, and of the re-commitment of special children for second offenses, all of which would be obtained through practice by the justice so designated- and which would re-inforce his native capacity for the handling of childrens' cases, a native capacity to which he would owe, it is fair to presume, his original designation by the Mayor, and which is likely to vary very much- other things being equal- in the different justices appointed under the act.

But, the prime value of the provision suggested, lies in the degree of training and understanding in the handling of childrens' cases, which the provision would insure to the justice designated.

3- A further advantage is, that in the court of the justice so designated, which would be held at some convenient and central place, it would be practicable for any institution of the kind to which children are committed by the court, to have present a competent representative, to advise with the justice regarding the child; to obtain for the justice information; from the testimony given upon the hearing to acquaint himself with the gravity of the offense charged; this, for the subsequent information of his institution, should the child be committed to its care by the justice- and last, not least, to frustrate the effort so often made by unscrupulous parents, step-parents or friends, through some trifling, but legal charge, to foist upon the community the care and support of the child.

This, in brief, is an outline of the advantages which, in my

#3

opinion, would flow from the insertion in the bill of some such feature as I have ~~had~~ the honor to suggest to you.

I am informed that a somewhat similar system functions admirably in the City of Paris, France.

I am, my dear Mr. Mayor, with great respect,

Very truly yours,

My dear Sir:-

I am informed that a public meeting will be held at Carnegie Hall, on the 25th inst, for the purpose of advocating, the introducing of Military instructions, in our public schools. The idea is one that I have advocated for the last fifteen years, As an Inspector of schools, for the 7th district, from 1879 to 1890. . . It was my privilege, not only to instruct many thousand scholars in marching, but to place over the Principals' desk, in every school in my district, the American Flag, together with the portraits, of Washington, Lincoln, and Grant.

I take it, that you, like many of our citizens, are not familiar with this matter, as connected with our Schools, and that you may post the yourself for, aforesaid meeting. Permit me to suggest, that you allow me to call for you, at your house, some morning next week, and with you and Mr. Hedges, make at least one visit, to the schools.

If this meets your approbation, and you will name the day, I will call for you at 8.15 o'clock, A.M., I can promise, that a visit of this character, will be both pleasant and instructive. I will further promise to have you in your office by 10.30 o'clock A.M.

Dear Sir:-

Not knowing the proper official to address in order to obtain the information below mentioned, I take the liberty of sending this letter to you, trusting you will see that it reaches the hands of the person or persons who can give me the desired facts:

What arrangement does your city make for the disposal of household refuse, garbage etc.? Is it collected by contract, dumped or burned? Do private individuals, institutions and hotels burn their waste products to any extent on their own premises? and what are the objections to this method?

Also can you give me any information concerning the condition of the cellars of the well-to-do of your city? Can your officers visit houses to inspect the cellars at any time, or only when some contagious disease makes a visit from the Health officers a necessity?

Any information, however slight, on the above points will be greatly appreciated.

This request is made in behalf of one of the committees of the above named club, which is composed of over 400 of the most prominent women of our city.

New York, Jan. 19, 1918

Hon Wm. L. Strong,

Mayor,

New York City.

Dear Sir:--

I was amazed to read in the morning papers of last Wednesday, the statement attributed to you, that you had offered immunity to the liquor dealers for any violation of the Sunday law.

I know you could not have made that statement, yet from information since received, I am led to believe that the false report thus spread broadcast over the country has done infinite harm to your good intentions to settle the vexed Sunday liquor problem in conformity with law.

How was this false report spread? Principally through the liquor dealers who called on you. From them the reporters received the false version of your statement, and there is good reason to believe that that false version of your words was given to the press not without malice by some of the liquor dealers who called at your office. These men are very well known to the trade. The majority of them are Tammany men out-and-out, who would not grieve especially to see your administration embarrassed.

There are about 9000 liquor dealers in this city and of this total about 3000 are represented in the Central Association

which has always acted as a tender to Tammany Hall. But even of the 3000 organized liquor dealers, about a dozen have succeeded in arrogating unto themselves all the powers and authorities of the organization to the disadvantage of their fellow members. Complaints about the way this small coterie has been running the Excise and Police departments under Tammany Hall are numerous among the organized liquor dealers.

The men who waited on you last Tuesday announced their opposition to the Ohio System of dealing with the liquor traffic, and not without reason. They fear that a liquor law which gives equal rights to all liquor dealers will deprive them of their pull in the Excise department, which heretofore has been used by them for selfish or political purposes.

The curse of the trade here in this city in the past has been the way in which a few men in the Central Association have used the powers which their position in that organization has given them with the municipal authorities. Instead of driving the outside liquor dealers "into that camp", the best interests of the community, as well as of the liquor trade itself require that outside liquor dealers should be discouraged as much as possible from joining the Central Association, that hotbed of corrupt Tammany politics. The Central Association run by a few self-seeking

Tammany politicians should not be allowed to dictate to the rest of the trade, which is in so large a majority in this city.

I hope you will not consider me presumptuous in thus consuming your time. I deem it a duty which I owe to you to lay these facts before you, so that you may see clearly how matters in the liquor trade really are.

The solution of the vexed Sunday question will never come from an open defiance of statutory law, but from a submission of the question to a direct vote of the people in the cities of the State. The version given to your statement by Tekulsky and some of the other men who called on you last Tuesday is an outrage on your wellmeaning intentions, and has done incalculable harm to the efforts of properly settling the Sunday question in conformity with the laws governing a Republican form of government.

Most respectfully yours,

Dear Sir -

I have rec'd
reply to my question
regarding clearing paths
in deep snow past empty
lots for those who
live beyond "No ap-
propriation"

I now wish to ask
Is it necessary that

this answer is final &
fatal - or can one who
is public spirited agitate
for better things & if
so kindly advise how?
& where? —

There is no suburban
village near New York
where the one horse
snow plough has not
made paths leading to
the depot. I saw
this morning men clear-
ing side walk street-
crossings on 125th St.

These men I suppose
were employed by Dept
of Public Works — or
Street Cleaning —

I judge from the an-
swer sent me. that
this Dept. cannot go
outside the curb lines
in their work — Is this
so? Cannot they
add power be
give them to run
a one horse plough
up such premises

like agitating now
for what I know
we ought to have!
Can you help me?

Resptly yours

Hon. William L. Strong,
Mayor of the City of New York
Dear Sir,

In answer
to your communication
of January 18th 1895, in
regard to Mr. J. M. O'Connor,
allow me to say, that Mr.
O'Connor applied to our
Naturalization Bureau for
a copy of his lost Certifi-
cate of Citizenship, and
stated that he was nat-
uralized some time between
1884 and 1886, - an an

of the records during those dates his name was not found - He stated that he voted last fall and was advised to go to Police Head Quarters and get the date from the Registry list - He returned some time after this and gave the date of the final paper as October 14th, 1891. - Again on examination no record of his Naturalization was found under this date.

Since receiving your letter I have had a search made of all the records since, 1884, and found Mr. O'Connor was Naturalized January 2^d, 1891.

The greatest care has to be exercised in giving duplicate Certificates of

Naturalization, and with-
out the applicant can
substantiate his claim
by proper dates or names
of witnesses, the paper will
not be issued.

Dear Sir,

Having applied to Dr Macy and the various Ward physicians, under whose care I have been, to give attention to my case, and failed, I am forced under the necessity to appeal to you in my behalf.

The point in view in my case is Insanity. This Institution has nothing to do with my family affairs, whatever. If I have violated any law in my dealings with my family, the courts of the city will attend to that, not this Institution. I was arrested the 1st of May '92 on a warrant specifying abusive language to my family. I did nothing more than the Lord God allow me as a husband & father to dictate to my family right from wrong, and warn them what the result ^{of wrong doing} would be. I was taken to court before the Judge, my children appeared against

me and made their statement -
not my wife: they had their Lawyer
and I had no Counsel to defend me.
I was committed to Blackwell's Island
Work-house for 6 months. I was put to
work in the bake-house and worked
there 5 months without any complaint
against me. Then Supt. Dampfory
received a letter from my family
stating they thought my mind was
unbalanced, to have me examined
by the doctors, and if so, to put me in
safe keeping. He sent for me and
asked the trouble with the family.
I told him Infidelity. He asked me
if I had any money or friends. I told
him the only friend a man had was
money: he said very true.

He had me put in close confinement
under the doctors care for 2 weeks,
for no cause whatever. I was not sick.
That was in violation of the laws
of the Island and his position. At
the end of 2 weeks I was taken

to the Workhouse office before Drs.
Leildy & Litch for examination.
Dr Litch asked me the trouble
with ^{my} family. I told him, and he wrote
it down. Dr Leildy came in about
5 minutes and he gave him the
paper, ^{and} without asking me any
questions at all, he pronounced
me insane. So that an examination
for our expert Doctors on insanity -
to condemn a man for life on false
charges.

There is proof beyond any reason-
able doubt that my family, by a
premeditated conspiracy & plot
have me put out of their way.
This is a clear ^{case} of ^{my} being Kidnapped, shackled,
as a maniac, and incarcerated in this
Institution on the 20th of Oct. 1892,
on the plea of insanity to cloak dishonor,
disgrace & scandal in my family.
This is in violation of all state laws
and the Constitution of the -

United States, to hold me here
unlawfully and a victim.

Deprived of my rights, Liberty, and
and all the facilities of life. I have
not been sick a day, or been under any
Medical treatment whatever.

Is this Christianity, Humanity and
Civilization between man and man?

I should judge not. My record in
this institution will prove much in
my favour; it is not a com-
plaint against me.

I hope you will give this your
earnest consideration in my behalf.

And I appeal to Honor & Justice
in the name of the Constitution
of the United States for my Rights
and Liberty. This is a duplicate
and no response

Notwithstanding your arduous and
unremitting duty. I am forced in my unfor-
tunate position to appeal to you in the
name of humanity civilization and
the constitution of the United States.
To take some action in my behalf as
a citizen. I am a victim, incarcerated
in this incubator of insanity, by a pre-
meditated conspiracy, dishonor-
rability and perjury and held as
a criminal, unjustifiable in every
sense of the word. All I ask is Justice
which is one of the four virtues virtues
of heaven, I want an opportunity to

depend myself, and I can bring forth
the truth in all its glorious light,
Truth that has been crushed to earth
by villany, but will rise again. The
years of the eternal God are long. I wish
an examination personally were I can
give a full statement of my case
before your honor or any investigate-
ing committee and deprecate God
speed the time I wish I could give
you a full statement of the case,
I cannot here, If I could have the
pleasure of seeing someone from
you, it would give me some hopes.
If there is to be an investigation, they want
to examine the victims that held here
unjustifiable, I am not alone in my
position there is scores the same
held here under the plea of insanity
to cloak dishonor held by cowards and
traitors to humanity and the public.

We the Swedish

herby protest most earnestly
against the desecration of the
Sabbath day by the opening of
the saloons as proposed by
Mayor Strong.

Therefore resolved:

- I That the opening of the saloons
on the Sabbath day constitutes a
serious public danger and must
necessarily tend to lower the
moral standard of our people.
- II That any enactment legalizing
the open saloon on the Sabbath
day is not only a violation of

good faith but entirely at
variance with the professed
reform of the new municipal

Sir:-

On the 5th inst I wrote you complaining of the bad condition of the sidewalk adjoining the Garfield Flat, 340 W. 56 St.

In your reply your Secretary stated that my communication had been referred for a special report to the Department of Public Works. Since that time nothing has been done to remedy the matter complained of, rather the sidewalk alluded to is in a worse condition. It is piled up with bricks, is narrow, slippery and left in worse darkness than ever, the lamp not having been replaced. The owner, a Mr Bauer, 99 Nassau St., evidently has a "pull" with the Department of Public Works, otherwise he could not so persistently defy the law.

Now w'ont you see to this matter yourself, and have the lamp replaced, the walk put in a proper condition so that

there will be no longer danger to life and
limb.

Dear Mr. Strong:-

During the campaign I was a member of the Committee of Seventy and conducted the campaign on the East-side. I was impressed then with the moral force which was rallied among the people here, who have been so long solely controlled by corrupt politicians. I desire now to express my great appreciation of the firm stand that you have taken in resisting the machine politicians in their demands, and hope you will feel that you have the support of the vast majority of the citizens through whose votes you were elected. I myself am of the opinion that we must commence another campaign to obtain the results of our victory, and that in the meantime there should be no wavering or hesitation whatsoever. It can only be by a firm and uncompromising attitude, that we can hope for ultimate success. It is only in this way that we can show ^{that} the spirit of this campaign is deeper and stronger than the ordinary reform spirit which exhausts itself on Election Day and leaves all subsequent matters in the hands of professional politicians. I intend at once to do what I can with the Assemblyman and Alderman in the Third District, to make them feel that the votes which I secured for them, demand a recognition by them, of the principles

I desire also to express my agreement with you in your position regarding the Excise Law. While I agree with what I understand to be your attitude, ^{the} ~~your~~ enforcement of the present law, I also feel that a modification of that law in the lines which you indicate, is eminently desirable on moral grounds for the future. So many of the plain honest saloon-keepers in our quarter of the city are forced into deception under the present condition of things, and are sustained by the feeling of the community, that the mere sham of a law on the books, is to me worse than unwise. Hon W. L. Strong

Dear Sir: Seeing in the
Tribune of the 15th inst that
you would investigate
the Colonial Park Bill.
Brought to your notice by
Assemblyman Lawson,
I beg your attention to a
gross injustice in connection
with it. When Tammany Hall
took control of the City six
years ago they denied all
privileges to the lot owners.
According to my building
permit and the plans

for the house, The grade has been raised several feet and a retaining wall built on the house line over 20 feet high with a high iron railing. My house according to the survey shows that they have encroached upon my property. The side walk on the north end of my house measures $4\frac{1}{2}$ inches over the 22 feet to the curb. Yet they tore off the boards and left nothing but the plastering and took the area away and built the wall excluding all light and air leaving no entrance to the house except the windows on the top floor. Yet they assessed me \$296. dollars a lot and then changed it to \$400. dollars a lot. I went to the Board of Assessors and

asked why it was changed showing them my agreement signed by the assessors. My lawyer Anna the answer I got was that they would make it twice as much as they could. I think I have a right to know why it was changed. They have now assessed me \$552 dollars for a lot which was not confirmed until the Park Bill was passed. With these heavy assessments and the damage ^{done} to me and the great value the Park will place on the property of the Tammany officials on the west side of the avenue. I think you will see the injustice of the bill. I have had three lawyers eager to take it to recover damages but they could

not bring it to trial, one saying
he had been speaking to a
Corporation Counsel, The second
it was a very delicate thing
to go against them. And the
third that he had been speaking
to the Counsel for the City, I was
called to state my wrongs by a
lawyer for the City. But was
not allowed to say a word
only answer such questions
as he put to me which did
not bring my wrongs to light.
If the Department of the City is
investigated I would like to
give my testimony and show
my papers, Warren Numbers
14-16, Block Number 961. Hoping
that something can be done for a
defenseless woman.

Dear Sir:

I have the pleasure and honor of enclosing to you a copy of various resolutions unanimously adopted by the members of our Club at a special meeting held Monday evening, January 21st.

The Chelsea Republican Club of the Thirteenth Assembly District was incorporated in January, 1894, and contributed largely to the success of our party in the last campaign.

We are a growing Club with a membership of more than 100 and expect to have over 200 members by May 1st, on which date we will move into our new Club House on West 23rd St. We are in hearty accord with your policy and wish you a successful administration.

THE CHELSEA REPUBLICAN CLUB
of the City of New York,
272 Eighth Avenue.

The following Resolutions were unanimously adopted
at a Special Meeting of the Club on Monday evening, January
21st:

RESOLVED, that the Chelsea Republican Club of the
City of New York, believing that it is the duty of all men
having the welfare of the City of New York and the Republican
party at heart, to do what they can to uphold those who are
contending for good government in this city and in the party,
disapproves of the attempt to restore to power the discredited
leaders whose sole idea in managing the party was to make deals
with Tammany Hall, and who brought the party to the desperate
condition it was in before the reorganization under the auspi-
ces of the Committee of Thirty, and that this Club heartily
favors the election of William Brookfield as Chairman of the
County Committee.

RESOLVED, That this Club endorses the administra-
tion of the Mayor, and approves his determination to give this
city a clean, honest and non-partisan government.

RESOLVED, That this Club respectfully urges the
representative in the Assembly from the Thirteenth Assembly
District of the City of New York, to do all in his power to
further the good work by pressing the passage at the earliest
possible day of the Power of Removal Bill prepared by the Com-
mittee of Seventy, and by voting for such bill, and by propos-
ing and supporting an amendment to the Police Reorganization
Bill, giving the Mayor the power to appoint the Commissioners

of Reorganization.

RESOLVED, That copies of these resolutions be sent by the Secretary to the Mayor, the representative in the Assembly from this District, and to the members of the County Committee from this District.

Mayor -

Sir -

At a hearing on the
15th inst of the Com. for
taking & laying out a Park
bounded by 111th & 114th Sts
and River - or any part
thereof. discussion was had
& meeting finally adjourned
until 25th inst to allow
the Mayor to be heard in
the matter. As to the taking
of this property or any part
thereof I have nothing to say
further than if the whole
is taken the cost will be

Something like 3 or 4 - millions
as a portion of same tract
is covered by new sub-
stantial 5 story buildings.
but what I would like to
speak of in all earnestness
is the delay that usually
follows in such matters
i.e. the proceedings of the
Com for taking & laying
for same - A large part
of the owners in this
tract are people of small
means who have become
possessed of their properties
on making moderate pay-
ments with large mortgage
indebtedness. Since this
bill has become a Law

a large number of the
tenants mostly Italians
have possessed themselves
with the idea that they
should pay no further
rent. Consequently the
owner finds himself in
a struggle with the mortgage
& in some cases foreclosure
proceedings have already
been taken. Now the
bill as passed in this
Park matter is mandatory
the manner of procedure
& way of payment is fully
provided & the whole matter
should be settled within
1 year. Don't drag along

as in the case of the
Mulberry Bend & other
Parks - which would mean
rent to quite a number
of the owners in the district.
I hope you can see your
way clear to hurry this
matter along if it is
finally decided to make
a Park within these limits.
I am -

Most respectfully yours -

My dear Sir:

Having received your telegram of this date, I communicated to Mr. Pavey your message as desired, that as you had endorsed the Committee of Seventy's bill before his bill was introduced, you would stand by that endorsement.

When I was in town last Saturday, I urged upon Mr. Leroque and Mr. Beeman the necessity of having them appear here before the Cities Committee in advocacy of the Committee of Seventy's bill. They have today appeared with Mr. Hornblower and have each been heard before the Cities Committee upon that bill. I do not think there is any question but that it will be reported favorably by the Committee tomorrow morning, with the amendment extending the period to six months instead of four within which power of removal must be exercised.

Very respectfully,

Q

My dear Sir

In 1774 the future of Liberty and Free Institution was in the hands of Washington, Jifferson, Franklin Adams, and their supporters, in 1861 the same responsibility was placed by Divine Providence on the shoulders of Lincoln, Grant - Stanton, Chan, and the Liberty-loving people of that-generation; To day this same responsibility is upon you, Dr Parkhurst - Charles Stuart-Smith Joseph Lawrence, and the men of today. It is the same old question so ably expressed by Abraham Lincoln in his Gettysburg address "Can a government of the people by the people and for the people endure" From the standpoint of Crookism and Platism and an alliance between the officers of the law and crime, free institutions cannot continue, Arnold in 1780. Davis in 1861 were far less dangerous to the future of Constitutional government on Earth than was, with success, Jured or Crook in this day or Platt today. The responsibility of leadership of the cause of Liberty and the people, today is with you and your associates. May you be led and sustained by Divine wisdom

Cordially Yours W O McDowell

Dear Sir -

As President of the above Association I beg
to call your attention to the continual violation, by the Department
of Parks, of the Laws as contained in Chapters 716 and 717
of the Laws of 1894 -

The specific charges that I now make are as follows.

On the 12th + 14th inst respectively or about those days,
two Carpenters (not Veterans of the Late War) were appointed
in the Department of Public Parks notwithstanding that
there were about eight applications from Veterans on
file for the positions -

I therefore request that you take such action
to force this Department to obey the law as to you
may deem proper -

Dear Mayor:

Allow me to congratulate you on the stand you have taken against Bossism.

The People are with you in your fight and will uphold you to the end.

It does one good to see an efficient Chief Magistrate in N.Y. City who takes his orders from no one, but follows the dictates of his own conscience.

During the heat of the Campaign in an address you promised to rule N.Y. in an honest and Business like way, in case you were elected; we managed to elect you, and are proud to know you are faithfully keeping your pledge, regardless

Keep up the good fight,

have made.

Resolved, That we, the Managers of the American Sabbath Union, in behalf of the Society, hereby enter our protest against any movement looking toward legalizing the open saloon on any part of the Sabbath Day, or giving the option to any community, as a movement fraught with peril to the best interests of the people;

III. *OBJECT*.—The object of the American Sabbath Union is to preserve the Christian Sabbath as a day of rest and worship; and for that purpose to secure the formation of co-operative Sabbath Associations in all the States and Territories of our Country; to encourage and aid those Associations already organized that accept the basis of this Union, as expressed in Article 2; to publish documents; to use the public press; to cause addresses to be made; and to employ such other means as shall be expedient and proper.

The Hon Wm H. Strong,

Mayor of N. Y. City.

Dear Sir,

You will excuse the brief intrusion on your valuable time, I trust, which I take to assure you that the sentiments of distrust which have been uttered by ^{some of the} ~~the~~ clergymen of the city is not by any means representative. I attended a meeting of clergymen of the West Side on Saturday afternoon, at which a protest was formulated against Sunday opening, to be sent to our Assemblyman. There was not one word of anything less than the deepest confidence in your sincerity and your ability to meet the exigencies of this critical period in our municipal history. Perhaps you do not agree with us on the Saloon matter, but we trust you will not judge the sense of the community as to the matter of restriction from the women and men who spoke at the meeting of last Sunday afternoon. The more dignified sentiment will make itself known in time. Meanwhile let me assure you personally of my own purpose to "back you up" in all ways, and to believe in you whatever happens.

Faithfully yours

Henry Easton Orr
