I was a member of mosque^s but left or rather was
put out in June 1963. Because I told a brother not
to call Malcolm by names such as 'Red' & others.
My charge was 'black talk'. I then started to associate
with Malcolm. I know of incidents thru newspaper & word
of mouth, in Phila attacked a brother & his wife who was
pregnant. In Boston another brother, Kenneth ^{Horton} & wife killed
in the Bronx, all because they left mosque^s. I was
required to sell 150 papers a week.

I was at Audubon about 2³⁰ PM 2-21-65 & just
escorted Mrs Betty Shabazz into the ballroom - I left my wife
in about booth #36 & escorted Betty to booth #2. & then went
booth #36 with my wife. Malcolm took the podium. Then a commotion
a man jumped up out of reddish 3/4 court seat 'Get you hands
out of my pocket' I jumped up & started to look & heard an
explosion in front of stage right side. I pushed my wife - after
the explosion I heard after 3 seconds a whole bunch of shots.
The first explosion was heavier than the others. I went to get
my wife down & stayed down with her. I didn't see anyone shoot
at anyone with a gun. The crowd was running in all directions my
view was blocked.
