Hon. William L. Strong,  
Mayor.

S i r :-

I beg to transmit herein a brief account of the general workings of the Department for the week ending July 29th, 1897.

The total collection of material for the seven days, as above, were as follows:-

The receipt of applications for positions was as follows:-

Sweepers, 2; Section Foreman, 1; Carpenter, 1; making a total of 4.

All were accepted.

All who passed the examinations, physical and otherwise, were placed on our various eligible lists.

The total number of incumbrances seized during the week was 55, and the total amount of money received for the redemption of incumbrances was \$53.50.

The total number of boat loads of material which left the

(2)

dumps during the week was 68 loads,- of which 41 were dumpers and 27 were deck scows. The "Cinderella" made one trip.

Hon. William L. Strong,

S i r :-

I beg to transmit herein a brief account of the general workings of the Department for the week ending August 5th, 1897.

The total collection of material for the seven days, as above, were as follows:-

Ashes Cart Loads	Garbage Cart Loads	Paper, Rubbish, etc., Sweepings Cart Loads	Total Cart Loads
18,322 $\frac{1}{4}$	4,179 $\frac{3}{4}$	6,236 $\frac{1}{2}$	28,738 $\frac{1}{2}$

The total number of incumbrances seized during the week was 86, and the total amount of money received for the redemption of incumbrances was \$113.00.

The total number of boat loads of material which left the dumps during the week was 76 loads, of which 45 were dumpers and 31 were deck scows.

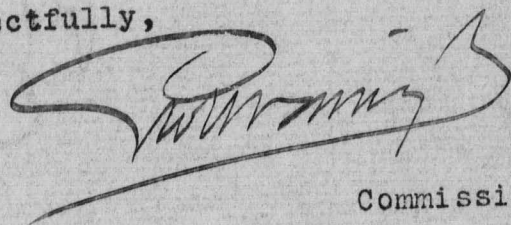

The absence of the usual statement as to the number of applications made for different classes of appointment is caused by the fact that I have ordered the application work to be suspended. This is done because we have already, on our lists, many more names than it will be possible to reach during the remainder of the year,

(2)

and after this year, all employees of every grade must be taken from the Civil Service lists.

I have been able to make a considerable reduction of the working force, both drivers and sweepers, in this season of very light work, and I am inclined to think that it will not be necessary in the winter to return to the full complement that was working during the spring months.

Respectfully,

A handwritten signature in dark ink, appearing to read "W. W. M. B.", written in a cursive style with a large, sweeping initial "W".
