

~~In the Name of the Almighty Creator of the~~  
~~Universe, God our father of all mankind!~~

God has ordered me to publish his will in making  
a new earth as promised in the revelation of St. John  
and whoever has eyes to see, sees, and ears to hear, hears.

All the States above the 39° northern latitude inclu-  
ding Canada, the so called New England States excepted,  
shall and will use the german language as the familiar  
and governing language, also Maryland and North  
Carolina. The longitude comprises the above named  
States between the Atlantic & Pacific Oceans.

The U. S. may continue as heretofore, for a trial term,  
but if found failing to obey the divine laws, as  
laid down in the books of Moses, God will with the  
germans, who are under his protection, force a se-  
cession against which there is no appeal or coercion.  
The best thing to do will be to circumcise and at once  
follow into the will of God, who alone knows, what  
benefits mankind.

For Europe the Almighty has made the following  
arrangement. All the territory or states from the  
furthest point in Norway, north, to the north of Ita-  
ly, and from the german Sea east in a parallel line  
through Koenigsberg to the eastern longitude of the  
Caspian Sea and thence from the parallel line above  
drawn to the Mediterranean, from there through the

Adriatic to the north of Italy and frontier of France including also Switzerland, the Baltic States of Finland, Iceland, Liechtenstein, and Sweden shall be formed into a Confederacy and will be occupied by the following tribes or families viz: the Scandinavians, Hollanders, Belgians, all the Germans including Swiss and Austro-Hungarians. The Balkan peninsula will be occupied by Austro-Hungarian troops with the Germans in the rear and with Constantinople as Capital. It is left to the Almighty to select an executive for the government of Balkan peninsula. The family of Hohenzollern will remain in power as it is now, for 300 years to come, from the commencement of the government of Wilhelm II when the Almighty will take the direct government, while now it is only indirect.

There are twenty States to be formed in this Union and each State will have its government and Frankfurt  $\frac{1}{2}$  will have and be the Central government place as heretofore. The representation will only be elected by working men or those working for a living; but the representation of the rich class will be selected by God himself. The central government as also the States will only have a single house and the superior must always be brief. The address between the citizens shall be thou or thee in German, as the Quakers address each other and as it is now customary in Tyrol and in the northern part of Germany. Religion is: Jehovah culture with circumcision. The representative language will be German, but there is provision made, that each child can learn its mother tongue. Scandinavians, Hollanders and Belgians will easily master the German and so will the people of Austro-Hungaria.

Besides the above geographical description, this new State will occupy Cape Colony and the two Boer republics the fish of which was stolen at the Vienna congress and the latter two twice a year or so, also all the African possessions and all where civilization is needed and employed; all the islands belonging to Holland and others of the confederacy; the possession of the Germans in China with the express object to spread there the Jehovah Culture.

France will also have to give up the unjustifiable possession of what they have taken from Belgium and Germany in their undeserved distress.

Scotland is also to be included in this new state of things as a further donation of the Almighty, all hallowed be his name "is eternal light - no more night & freezing Lincoln said: with malice toward none -

With good will toward all!

and this we must all make our own.

With best wishes and prayer that God will and may bestow his grace upon us, I remain

Yours Truly  
Herminie Kaidig
